P R E F A C E

The Sixth Economic Census was conducted in Meghalaya during the period of June, 2013 to October, 2013 in collaboration with the Central Statistical Office (CSO), Ministry of Statistics and Programme Implementation, Government of India. The Sixth Economic Census provides a count of all establishments engaged in economic activities (excluding crop production, plantation, public administration, defence and compulsory social security) including those in the unorganised sector. The data generated under the Sixth Economic Census will provide the necessary frame for detailed follow-up surveys and also gives basic entrepreneurial data for planning and development of the State's economy.

This Economic Census Report captures the information of the Sixth Economic Census for the State and is presented in such a way that it reflects District-wise and activity-wise with detailed information on various characteristics of the entrepreneurial activities viz., location, type of ownership, nature of operation, employment status, sources of finances, etc.

The Sixth Economic Census has used the Enumeration Blocks (EBs) of the Population Census 2011 as the primary geographical units for both urban and rural areas for the purpose of listing of the establishments. For the first time, data on the number of establishments and workers in the Handicraft/Handloom sector were collected and presented in the Report. Also, a separate chapter on women owned enterprises and number of persons employed in such establishments is presented in this Report.

The conduct of the Sixth Economic Census was a massive and gigantic exercise which required proper awareness and training to the enumerators and supervisors so as to collect accurate information from the concerned establishments. All of this would not have been possible without the active and dedicated participation and contribution of the Officers and Staff of this Directorate. I would therefore place on record my appreciation to all the Officers and Staff of the Directorate of Economics and Statistics for their overall supervision of the field work, providing training to all field functionaries, scrutiny of the filled-in schedules and completing the field work successfully in the scheduled time frame.

I express my sincere gratitude to the Chief Secretary, Government of Meghalaya who was also the Chairman of the State level Steering Committee and also to all the members of the Committee for providing the necessary guidance and administrative and logistic support for the successful conduct of the Sixth Economic Census in the State.

I would like to place on record my heartfelt and sincere thanks to the Officers of Economic Census Division, Central Statistics Office, MOS& PI, Government of India for providing this Directorate with the necessary instructions, valuable advice and guidance whenever required.

Sincere thanks is also extended to Shri A. Marbaniang, ex-Director of this Directorate under whose overall guidance and leadership the Census was conducted.

My gratitude also goes to all the Deputy Commissioners, Block Development Officers /Charge Officers of the State Government/Defence Forces who had provided the much needed support for conducting the Sixth Economic Census. Without their support it would not be possible to carry out such a massive data collection exercise.

I also express my gratitude and thanks to all enumerators who were recruited locally for the field work and the supervisors who have worked hard with passion, zeal and utmost sincerity.

Last but not the least I would also express my sincere thanks and acknowledgement to the Officers and Staff working in the Economic Census Section of this Directorate who were involved at various stages of the Economic Census and assisted in preparing this Report. Without their hard work and dedication, this Report would not have seen the light of day.

SHILLONG

THE JUNE, 2016.

(D.L. WANKHAR, I.E.S)
DIRECTOR

OFFICERS AND STAFF ASSOCIATED WITH SIXTH ECONOMIC CENSUS, 2013.

PART - II LIST OF TABLES

PART - I

CHAPTER ONE

Introduction

Economic Census (EC) is the complete enumeration of entrepreneurial activities operating within the geographical boundaries of the State/ Country at a given point of time and to come out with the official count of enterprises and their characteristics. The subject of coverage under the Sixth Economic Census briefly includes all types of economic activities of agricultural (excluding crop production and plantation) and non- agricultural sectors of the economy engaged in the production and /or distribution of goods and services not solely for the purpose of own consumption.

In the organised sector, data on registered Factories, Mines, Railways, Civil Aviation, State Transport Undertaking, Hospitals, Banks, Registered Educational Institutions, etc are being collected on regular basis but there exist data gaps in the un-organised sector like trade, construction, other unregistered and un-organised segments of other sectors. To bridge this data gap, the Central Statistical Office, Government of India had conducted five Economic Censuses in the past with the First Census carried out in the year 1977 and the Sixth in 2013. The Economic Census is carried out by the Ministry of Statistics and Programme Implementation, Central Statistical Office, Government of India under the Central Sector Scheme and implemented through the States'/ UTs' Directorate of Economics and Statistics.

First Economic Census (1977)

The first Economic Census was conducted in 1977. In this Census, the scope and coverage were limited to non-agricultural sectors and establishments only, employing at least one hired worker on a fairly regular basis. Data on items such as description of activity, number of persons usually working, types of ownership etc were collected.

Second Economic Census (1980)

The second Economic Census in 1980 was conducted along with the house listing operations of 1981 Census Operation. In the 1980 Economic Census, Own Account Enterprises were covered for the first time. In this Census, enterprises engaged in economic activity in the un-organised non- agricultural and agricultural sectors (excluding those engaged in crop production and plantation) were covered.

Third Economic Census (1990)

The third Economic Census 1990 was also synchronised with the house listing operations of the Population Census 1991 on the same pattern as of Economic Census 1980. Coverage was also similar to that of Economic Census 1980.

Fourth Economic Census (1998)

The fourth Economic Census 1998 is an independent census carried out by the Central Statistical Office, Government of India in collaboration with the States' Directorate of Economics and Statistics/Bureaus as well as the Union Territories. The previous Economic Censuses i.e. of 1980 and 1990 were dovetailed by population census along with their house listing operations.

Fifth Economic Census (2005)

The fifth Economic Census was conducted both in rural and urban areas of the States. In urban areas, the urban frame blocks of the National Sample Survey Organisation are used as primary geographical entity, while in the rural areas, the census villages were taken as the primary units.

Sixth Economic Census (2013)

Since the small units especially in the un-organised sectors covered under Economic Census usually change their location and existence etc., the Census is required to be conducted at different intervals in order to continue the process of bridging the data gap and update the entrepreneurial structure. The Sixth Economic Census provided up-to-date information on the number of establishments and number of persons employed therein, activity-wise of all the sectors (excluding crop production, plantation, public administration, defence and compulsory social security) of the Country including their distribution at all-India, State, District and at village/ward levels for comprehensive analysis of the structure of the economy.

The Sixth Economic Census was conducted during the months from June to October, 2013 in the State of Meghalaya. Overall guidance at all-India level was provided by the Economic Census unit of the Economic Statistics Division, Central Statistics Office (CSO), Ministry of Statistics and Programme Implementation, Government of India.

Steering Committees

For the smooth conduct of the Sixth Economic Census in the State, the State Level Steering Committee at the State and the District Level Steering Committee at the District level were constituted. The basic objective for constituting the Steering Committees was to get the logistic support from all the concerned Departments for the smooth conduct of the field work of the Sixth Economic Census.

Steering Committee at the District Level:

- | | |
|--|--|
| 1. Chairman/Ex-Officio
Chief Economic Census Commissioner | Chief Secretary |
| 2. Ex-Officio Additional Census Commissioner | Principal Secretary, Planning Department |
| 3. Member Secretary | Director of Economics & Statistics |

Members:

1. Deputy Director General NSSO(FOD),Shillong
2. Deputy Director General, (EC)CSO,MoS&PI,
3. Principal Secretary, C & RD Department
4. Principal Secretary, Agriculture Department
5. Principal Secretary, Information & Public Relations Department
6. Principal Secretary, Printing & Stationery
7. Principal Secretary, Education Department
8. Principal Secretary, Labour Department
9. Principal Secretary, Industries Department

Steering Committee at the District Level:

- | | |
|--|-------------------------------------|
| 1. Chairman /Ex-Officio
District Economic Census Commissioner | Deputy Commissioner of the District |
| 2. Member Secretary | District Statistical Officer |

Members:

1. District Agricultural Officer
2. District Horticulture Officer
3. General Manager, District Industries Centre
4. District Employment Officer
5. Inspector of Schools
6. All Block Development Officers of the District

Scope and Coverage

The Sixth Economic Census was conducted in all the States/UTs of the country. The practice followed since the second Economic Census to cover all agricultural activities excluding crop production and plantation continued in the Sixth Economic Census. In case of non-agricultural activities, establishments engaged in public administration, defence and compulsory social security activities were excluded during Sixth Economic Census.

Changes made in the Schedules

In Sixth Economic Census, two Schedules were canvassed viz (i) House and Establishment Listing Schedule (6A)(Annexure-I) and (ii)Directory of Establishment Schedule (6C)(Annexure III) in place of three schedules canvassed during Fifth Economic Census. The third Schedule "Establishment Abstract" (Schedule 6B)(Annexure II)was a derived Schedule of the summary information based on the information contained in the House and Establishment Listing Schedule, which was required to be prepared by each enumerator. This summary information was used to generate provisional results.

Other miscellaneous changes

- (i) Enumeration Blocks (EBS) of Population Census 2011 were used as primary geographical units for both rural and urban areas for the purpose of listing of establishments. In most of the earlier ECs, UFS (Urban Frame Survey) Blocks of NSSO were taken as primary geographical units for urban areas.
- (ii) Abridged House List (AHL) and Layout Maps (LMs) of Census 2011 were procured from the Office of RGI/Director of Census Operations of the State and provided to the enumerators to facilitate proper coverage.
- (iii) Minimum qualification for enumerators and supervisors were prescribed for the first time.

The minimum qualifications were as under:-

Qualification for the Enumerators: Higher Secondary

Qualification for the Supervisors: Graduation

Trainings

For the smooth conduct of the Sixth Economic Census, a Regional Training for Trainers for the North-Eastern States was held at Agartala on the 8th and 9th of April, 2013 in which the Officers from the Directorate of Economics & Statistics, Meghalaya also attended.

A two-day State level programme for the Officers and Staff of the Directorate of Economics and Statistics, Meghalaya was organised on the 7th and 8th of May, 2013 where Shri R.M. Mishra, IAS, Principal Secretary, Planning Department, Government of Meghalaya was present as the Chief Guest and Shri B.K. Giri, DDG of CSO (IS Wing), Kolkatta was the resource person. Shri M. Saikia, Member, Crafts Council of Assam also gave a presentation on Handicraft and Handloom establishments which is one of the new features added in the 6A Schedule for which information was collected during the Sixth Economic Census. Field level training was organised at 5th mile, Upper Shillong to canvass the Schedules of the Sixth Economic Census. At each District, a District Level Training was organized in which Master Trainers from the Directorate's Headquarter had imparted training to the Enumerators and Supervisors at the District levels.

Separate trainings were also organized at all the District Headquarters for the enumerators and supervisors of urban areas of the State.

Trainings were also organised at all the C& RD Block Headquarters of the State. Dr. Bivas Chaudhuri, Director and HOD, CSO (Industrial Wing) was the resource person for the Block level Training at Myllem C& RD Block on the 17th and 18th of May, 2013. Shri M.L.S. Marwein, Deputy Director who was one of the State Master Trainers assisted in imparting the training.

Publicity

In order to create a general awareness on the importance of the Census, a 60 second video and audio clippings was prepared by the CSO, Ministry of Statistics & Programme Implementation. Awareness campaign by the Directorate of Economics and Statistics was carried out through the Directorate of Public Relations, Meghalaya and through the Meghalaya Integrated Information System (MIIS), advertisements in leading local newspapers, audio clips in both the local languages and English through radio FM station, Shillong. The local Headmen and Nokmas were requested to publicise through their Public Announcement System so as to create wide publicity of the work under the Economic Census and also to provide logistic support to the enumerators and supervisors which was crucial for the successful implementation of field work. Besides these, pamphlets in English and local languages were distributed requesting the general public to extend their support and co-operation to the enumerators and supervisors.

Limitations of the Sixth Economic Census

The limitations of data generated under the 6th Economic Census are discussed below keeping in view the interest of users of this data.

The method of collection of data under Economic Census is not record /document based information but only oral information provided by the informants. In this method the chances of under reporting of employment, unintended accuracy, recall lapse and casual approach on the part of the informants is likely to occur to some extent.

Majority of the enumerators deployed for collection of information / data under the Sixth Economic Census were unemployed youths/students who were totally new to such types of work.

Although certain improvements were made in the schedule to guard against under-listing of establishments (particularly the home- based units or those operating without fixed structures), data as per sixth Economic census may be subject to some amount of coverage error on account of such under- listing, which is difficult to eliminate totally in a massive census operation.

The AHLs and layout maps of the Census 2011 were used as the frame for the conduct of the 6th EC. However, in some Enumeration Blocks where there were high concentration of establishments, the Lay out maps and the Abridge House Lists of the Census 2011 were not available. This Directorate has made concerted efforts to see that all the establishments in such Enumeration Blocks got enumerated in the Sixth Economic Census.

CHAPTER TWO

Concepts and definitions of important terms

Concepts and definitions of some of the important terms used in the Sixth Economic Census are given below:

Establishment

The establishment is a unit or an economic entity situated in a single location in which predominantly one kind of economic activity is carried out such that at least a part of the goods and/or services produced by the unit goes for sale (i.e. entire produce is not for sole consumption). The activity may be carried out within fixed premises/permanent structure or without having any permanent structure.

Agricultural Establishment

An agricultural establishment for the purpose of Economic Census is the one which is engaged in production of agricultural goods (other than crop production & plantation by the farmer or a group of farmer or any agency), agricultural services, hunting, trapping & game propagation, where at least some part of the production or services is sold out. Establishments engaged in activities pertaining to crop production and plantations though in the agricultural sector are excluded from the coverage. Thus, primarily cultivators themselves are excluded from the coverage of Sixth Economic Census. However, services incidental to crop production or plantation provided/undertaken by anyone individual or a firm or a company by charging fee or rent/compensation e.g. machinery and equipment for tilling/cultivation, preparation of field or sowing harvesting/chaffing, transportation of agriculture goods/produce, charging for irrigation facilities etc. as their principal activity were included and the establishments engaged in such activities were enumerated.

Agricultural Broad Activities:

- i) Agriculture Activities (except crop production and plantation)
- ii) Livestock
- iii) Forestry and Logging
- iv) Fishing and Aqua Culture

Non-Agricultural Establishment

Establishments engaged in activities other than agricultural activities as defined above are termed as non-agricultural establishments.

Non-Agricultural Broad Activities:

- (i) Mining and Quarrying
- (ii) Manufacturing
- (iii) Electricity, Gas, Steam Air Conditioning Supply & Water Supply

- (iv) Sewerage, Waste Management & Remediation Activities
- (v) Construction
- (vi) Wholesale trade, Retail Trade & Repair of Motor Vehicles & Motor Cycles
- (vii) Wholesale trade (not covered in item 6 above)
- (viii) Retail Trade (not covered in item 6 above)
- (ix) Transportation and Storage
- (x) Accommodation and Food Service Activities
- (xi) Information and Communication
- (xii) Financial and Insurance Activities
- (xiii) Real Estate Activities
- (xiv) Professional, Scientific & Technical Activities
- (xv) Administrative and Support Service Activities
- (xvi) Education
- (xvii) Human Health and Social Work Activities
- (xviii) Arts Entertainment, Sports and Amusement and Recreation
- (xix) Other Service Activities not elsewhere Classified

Household

A household is a group of persons usually living together and taking their meals from a common kitchen. It includes temporary stay-away (those whose total period of absence from household is expected to be less than six months) but excludes temporary visitors and guests (with expected total stay of less than 6 months). There may be a household of persons related by blood or a household of unrelated persons having a mix of both but satisfying above condition of a household. Examples of households having unrelated persons /members are boarding houses, messes, hostels, rescue houses, jails, ashrams, etc. These are called "Institutional Households". A group of persons, who are unrelated to each other, live in a census house but do not take their meals from a common kitchen would not constitute an institutional household.

Census House

A census house is a building or a part of a building having a separate main entrance from the road or common courtyard or staircase, etc., used or recognized as separate unit. It may be occupied or vacant. It may be used for residential, commercial or both purposes.

Enumeration Block

The ultimate area unit of enumeration in the Sixth Economic Census is Population Census (2011) Enumeration Block (EB).

Premises

Premise is a census house or part of a census house occupied by a unit/household. If the activity of an enterprise carried out by a unit /household extends beyond the boundaries of a single house to a group of contiguous houses and in rare cases a group of houses in close proximity, the entire group of houses is regarded as single premise.

Own Account Enterprises

The establishment operated by the household member only is termed as own account enterprise.

Handicraft/Handloom Activity

Handicraft describes a craft or occupation requiring skilled use of hands. Handicrafts are items made by hand often using simple tools. These items can be functional, artistic and/or traditional in nature.

Nature of Operation

If the entrepreneurial activity is carried on or likely to be carried on throughout the year more or less regularly, it is treated as perennial activity. If the activity of the establishment is confined to a particular season i.e., fixed months of a year, the same is called the seasonal activity. The economic activity of the establishment which is neither perennial nor seasonal is termed as casual.

Workers (Persons Employed)

All persons working in an establishment either as owners, members of the household working as co-owner or partner or helping the owner in running the establishment, whether hired or not, besides regular and salaries employees, casual/daily wage labourers are considered as workers for the establishment.

CHAPTER THREE

Results at a Glance

Out of the 5,84,95,359 total establishments, the State has a share of only 0.18% of the establishment and a share of only 0.22% of the total employment of 13,12,93,868 in the country.

All Establishments

The results of the Sixth Economic Census revealed that there were 1,05,556 establishments in the State engaged in different economic activities (other than crop production, plantation, public administration, defense and compulsory social security services). Out of these, 73,038 (69.2%) establishments were located in the rural areas and 32,518 (30.8%) establishments were located in the urban areas.

Table 3.1: Number of Establishments by Location and Type of Establishments

Sl.no.	Items	Rural		Urban		Combined
		Number	o/o Share	Number	o/o Share	Number
(1)	(2)	(3)	(4)	(5)	(6)	(7)
1	Number of Establishments					
i.	Agricultural	6609	89.97	737	10.03	7346
ii.	Non-Agricultural	66429	67.64	31781	32.36	98210
iii.	All Establishments	73038	69.19	32518	30.81	105556
2	Number of Own Account Establishments					
i.	Agricultural	4924	89.25	593	10.75	5517
ii.	Non-Agricultural	33103	65.60	17361	34.40	50464
iii.	All Establishments	38027	67.93	17954	32.07	55981
3	Number of Establishments with at least one Hired Workers					
i.	Agricultural	1685	92.13	144	7.87	1829
ii.	Non-Agricultural	33326	69.80	14420	30.20	47746
iii.	All Establishments	35011	70.62	14564	29.38	49575

Note: Percentage share indicates the share between rural and urban areas.

There were 7,346 (6.96%) establishments which were engaged in agricultural activities and 98,210 (93.04%) establishments engaged in non-agricultural activities. Noteworthy here is the fact that, inter alia, the Sixth Economic Census also did not include information on establishment engaged in crop production and plantation.

In the rural areas, out of the total 73,038 establishments, there were 6,609 establishments (constituting around 9.05%) which were engaged in agricultural activities while a majority 66,429 (90.95%) establishments were engaged in non-agricultural activities.

In the agricultural sector, 89.97% of the establishments are located in the rural areas and 10.03% in the urban areas.

In the non-agricultural sector, there were 66,429 (67.64%) establishments located in the rural areas and 31,781 (32.36%) establishments in the urban areas.

Establishments on the basis on employment

Establishments can be classified into two broad categories on the basis of the nature of employment viz; own account establishments (OAEs) which operated without hired workers and establishments which operated with at least one hired worker. Out of the total establishments, 55,981 (53.03%) were OAEs, and 49575 (46.97%) were establishments with at least one hired worker. There were 38,027 OAEs and 35,011 establishments with at least one hired worker in the rural areas, while in the urban areas, there were 17,954 OAEs and 14,564 establishments with at least one hired worker.

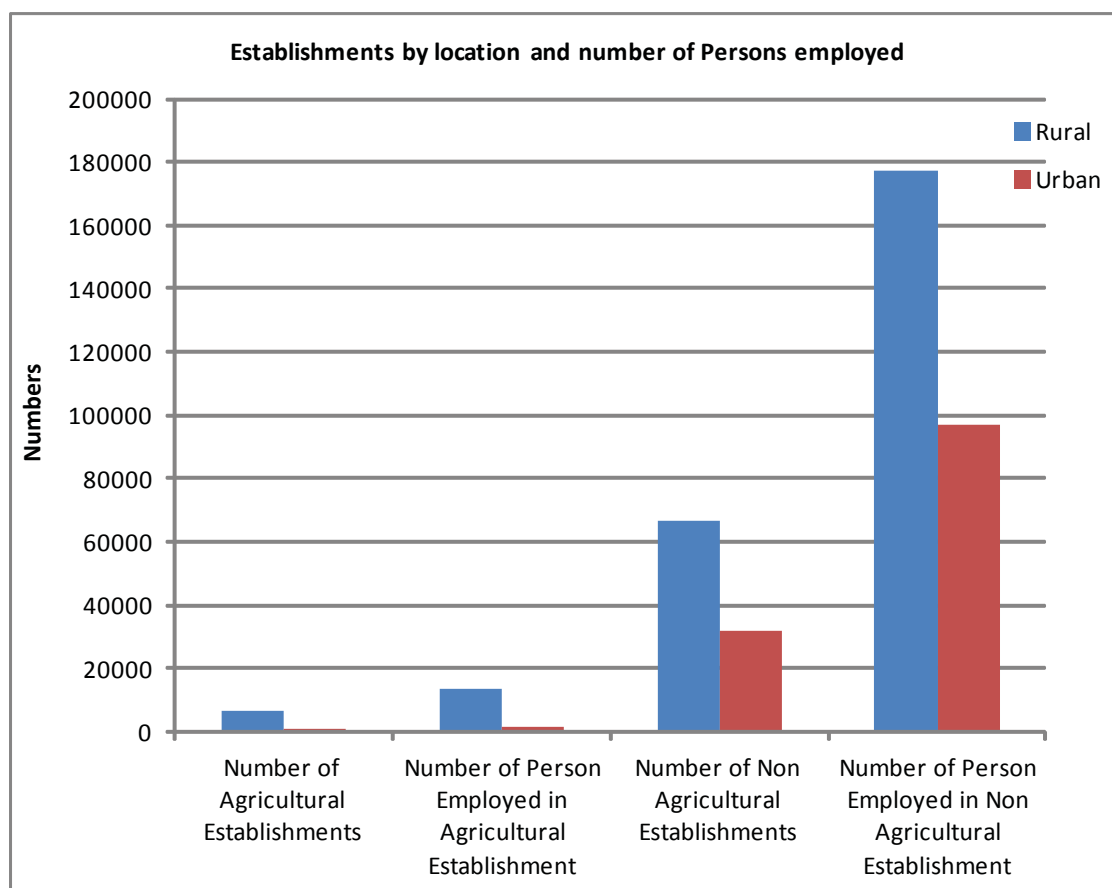

Location wise details of the employment in different types of establishments are presented in Table3.2.

Table 3.2: Number of Persons employed by Location and Type of Establishments

Sl.no.	Items	Rural		Urban		Combined Number
		Number	o/o Share	Number	o/o Share	
(1)	(2)	(3)	(4)	(5)	(6)	(7)
1	Establishments					
i.	Agricultural	13374	89.54	1563	10.46	14937
		7		1.59		5.16
ii.	Non- Agricultural	177597	64.70	96897	35.30	274494
		93		98.41		94.84
iii.	Total	190971	65.98	98460	34.02	289431
		100.00		100.00		100.00
2	Own Account Establishments					
i.	Agricultural	7047	87.00	1053	13.00	8100
		13.23		4.51		10.57
ii.	Non- Agricultural	46226	67.47	22287	32.53	68513
		86.77		95.49		89.43
iii.	Total	53273	69.54	23340	30.46	76613
		100.00		100.00		100.00
3	Establishments with at least one hired					
i.	Agricultural	6327	92.54	510	7.46	6837
		4.59		0.68		3.21
ii.	Non- Agricultural	131371	63.78	74610	36.22	205981
		95.41		99.32		96.79
iii.	Total	137698	64.70	75120	35.30	212818
		100.00		100.00		100.00

Note: Figures in italic show the percentage of establishments to total establishments in the respective areas. The percentage share in columns (4) & (6) are the percentage share between rural and urban.

From the above Table, it was observed that the total number of persons employed in all establishments were 2,89,431 workers, out of which 14,937 (5.16%) were engaged in agricultural activities and 2,74,494 (94.84%) were engaged in non-agricultural activities. Out of the total employment, 1,90,971 (65.98%) persons were employed in the establishments located in the rural areas while the rest 98,460 (34.02%) were employed in establishments located in the urban areas. Further, out of the total employment, 76,613 (26.47%) were engaged in OAEs and 2,12,818 (73.53%) in establishments with at least one hired worker.

Establishments by major Activity Groups

Activities engaged by various establishments were grouped into 23 (twenty three) major activity groups (four activity groups were classified under agricultural activities and nineteen activity groups were classified as non- agricultural activities).

Among the agricultural establishments, those which are engaged in livestock activities dominated with the total share of 72.96% (5,360 in numbers). Further, out of the 5,360 establishments about 88.40% of the total establishments involved in livestock activities were located in the rural areas.

Activity-wise distribution of non-agricultural establishments which were grouped into 19 major activity groups, by type of establishments and sectors are presented in Table 3.3 revealed that “Retail Trade,” “Education,” and “Accommodation and Food Service Activities” were the three most important activity groups in terms of number of establishments in the non-agricultural sector. These three activity groups together shared

about 60.03% of the total establishments. Again, “Retail Trade” alone, with a share of 37.89% with a total of 39,999 establishments dominated all other activity groups. This was followed by “Education” with a share of 11.11%, and “Accommodation and Food Service Activities” with a share of 11.03%.

Of the total ‘own account’ agricultural and non-agricultural establishments numbering 55981 establishments, about 67.93% establishments were located in the rural areas and 32.07% in urban areas.

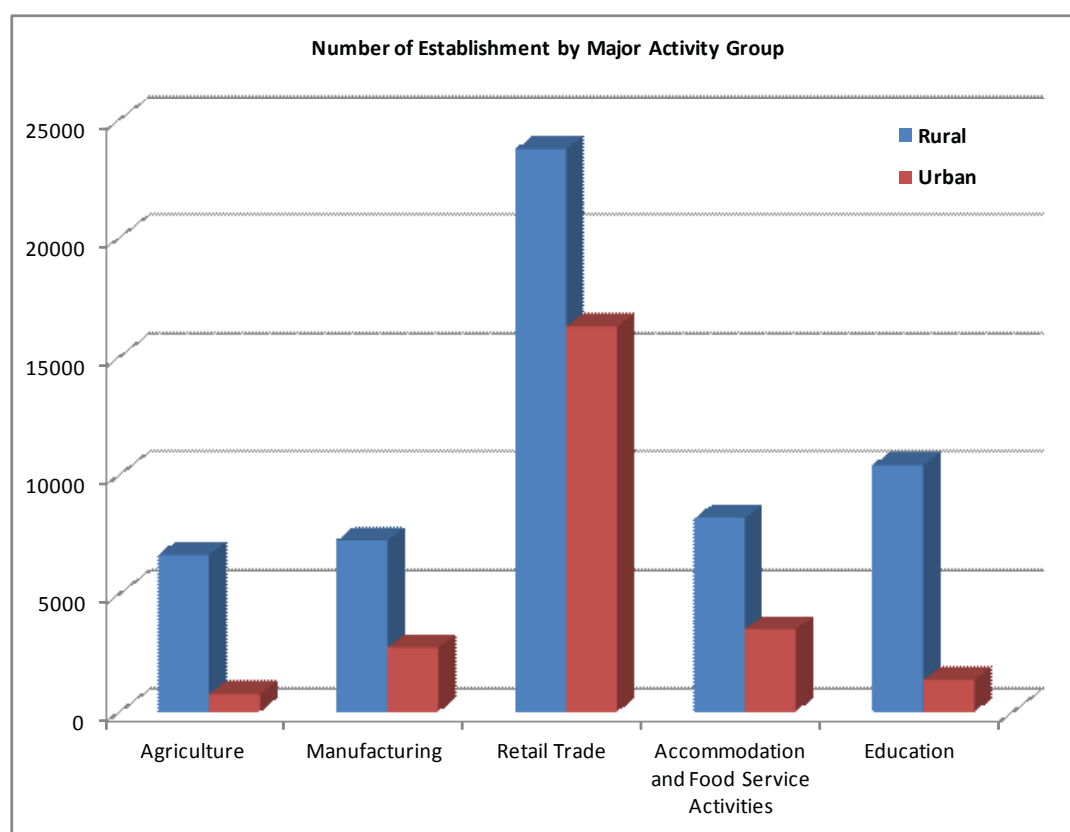

Among the establishments ‘with at least one hired worker’, the “Education” sector had the highest share with 22.59% followed by “Retail Trade” with 22.26% and “Accommodation and Food Service Activities” with 13.29% share.

Table 3.3: Total Number of Establishments by Major Activity Group

Employment in establishments by major activity groups

The distribution of employment in agricultural and non-agricultural establishments by major activity groups is presented in Table 3.4 below.

Among the establishments engaged in the agricultural activities, the maximum number of employment were found in “Livestock” sector with 10,736 workers constituting 71.87% of the total employment in the establishments in the agricultural sector.

In the non-agricultural sector, the maximum numbers of workers were employed in “Retail Trade” with 69,015 (25.14%) workers, followed by “Education” with 54,799 workers (19.96%) and “Manufacturing with 34,573 workers (12.59%). These three activities together accounted for 57.70% of the total employment in the establishments under the non-agricultural sector. Other sectors like “Accommodation and Food Service Activities”, “Human Health and Social work Activities” and “other service activities not elsewhere classified” employed 33,291, 12,984 and 12,583 persons respectively.

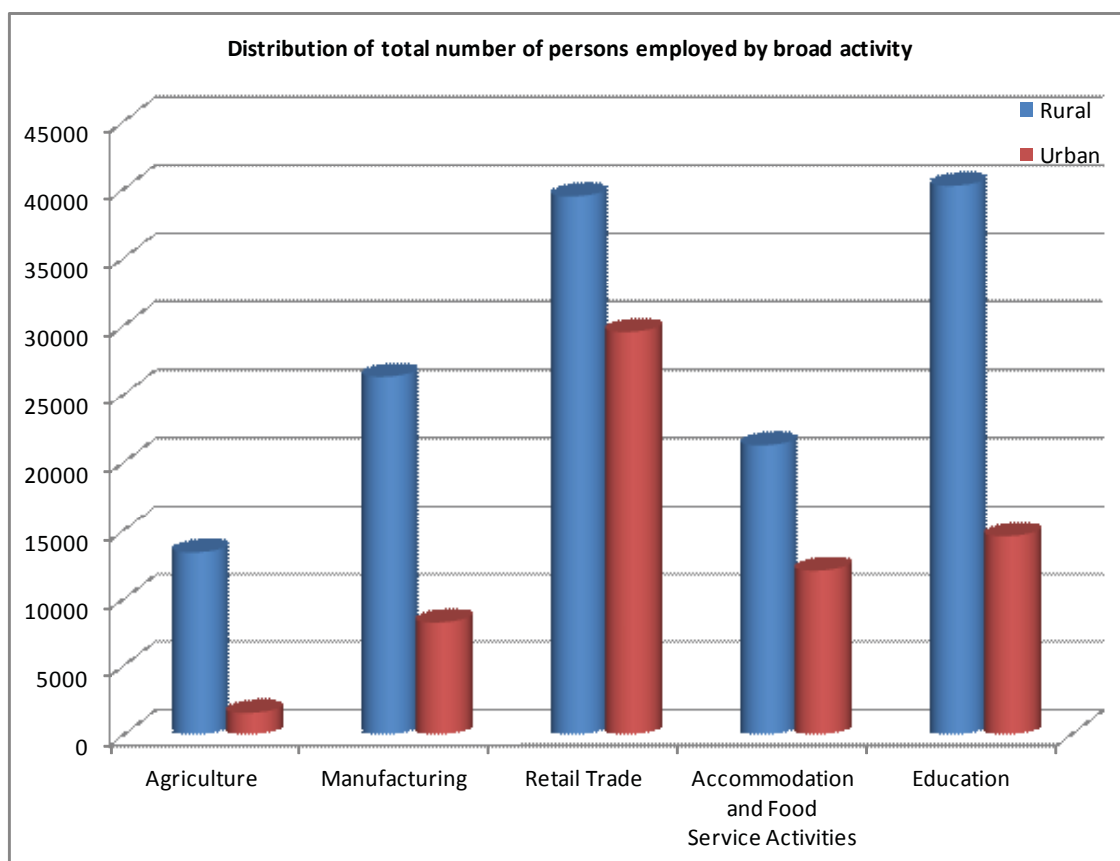

Amongst the ‘own account’ establishments, the total employment in the non-agricultural activities was dominated by “Retail Trade” with 37,213 (54.31%) employed persons. In case of establishments with at least one hired worker, “Education” sector provides the maximum employment with 53,969 workers (26.20%).

Selected characteristics of Establishments

The details of selected characteristics of establishments by sector are given at Table 3.5. It is observed that out of the total 1,05,556 establishments in the State, 4,917 establishments (4.66%) were under private Non-Profit Institutions, 84,012 establishments (79.59%) under private proprietorship, 111 establishments (0.1%) were under private Co-operative, 5,459 establishments (5.17%) under private others, 11,057 establishments (10.47%) under Government and PSUs ownership. This indicated that majority of the establishments in the State were under private proprietorship.

(c) Other Backward Classes	1469	994	2463
(d) Others	8963	8039	17002

The establishments under “Private Proprietorship” were distributed in rural and urban areas in the proportion of 64.79% and 35.21%.

It was observed that 99,320 (94.09%) establishments are perennial in nature and out of this, 67,559 (64.00%) were establishments located in the rural areas and the remaining establishments were located in the urban areas.

A total number of 18,038 establishments, which comprised 17.09% of the total establishments, operated without fixed structure. The distributions of these establishments in the rural and urban areas were 77.21% and 22.79% respectively. Again, Table 3.5 revealed that the total number of establishments operating outside household with fixed structure accounted for 68.77% and number of establishments operating inside household accounted for 14.14% of the total establishments.

Out of the total number of 84,012 of establishments under “Private Proprietorship,” 71.78% were owned by Scheduled Tribes, and 5.05% belonged to the Scheduled Castes, while Other Backward Classes (OBCs) and other social groups owned 2.93% and 20.24% establishments respectively.

Major source of finance for the establishments

Table 3.6 shows that self-financing is the major source of finance for the establishments engaged in both agricultural and non-agricultural activities. “Self-Finance” was being resorted to by 79,994 (75.78%) establishments and “Financial assistance from the Government sources” with 14,566 (13.80%) establishments, accounting as the two major sources of finance for both agricultural and non-agricultural establishments.

For establishments engaged in the agricultural activities, self-financing accounted for 91.86% while ‘donations / transfers from other agencies’ accounted for 4.76% and ‘financial assistance from Government sources’ accounted for 2.63%. Thus, these three sources accounted for 99.25% of financial assistance for establishments engaged in the agricultural activities.

For establishments engaged in the non- agricultural activities, self-financing accounted for 74.58% while ‘financial assistance from Government sources’ accounted for 14.63% and ‘donations / transfers from other agencies’ accounted for 8.76%. Thus, these three sources accounted for 97.97% of financial assistance for establishments engaged in the non-agricultural activities.

District-wise Number of Establishments and Employment

Establishments:

Table 3.7 shows the District-wise total number of establishments. It revealed that the East Khasi Hills District accounted for the highest number of establishments with 33.33% share (35,187 numbers), followed by West Garo Hills District with 18.51% (19,537 numbers), Jaintia Hills District with 12.67% (13,376 numbers), Ri-Bhoi District with 11.68% (12,331 numbers), West Khasi Hills District with 10.22% (10,787 numbers), the East Garo Hills District and South Garo Hills District with 8.62% (9,097 numbers) and 4.97% (5,241 number).

As far as the number of establishments in the rural area are concerned, the West Garo Hills District has the maximum number of establishments at 21.83% share (15,947 numbers), followed by the East Khasi Hills District at 19.79% (14,455 number), the Jaintia Hills District at 16.37% (11,956 numbers), the Ri- Bhoi District at 15.61% (11,401 numbers), the West Khasi Hills District at 11.64% (8,500 numbers), the East Garo Hills District at 8.84% (6,453 numbers) and the South Garo Hills District has the least number of rural establishments at 5.92% (4,326 numbers).

In the urban areas of the State, the East Khasi Hills District has the maximum number of establishments at 20,732, constituting about 63.75% of the total urban establishments. The West Garo Hills District with 11.04% (3,590 establishments) occupies the second spot. The other five Districts i.e. the East Garo Hills District, the South Garo Hills District, the West Khasi Hills District, the Ri Bhoi District and the Jaintia Hills District constituted only 25.20% (8196 establishments) of the total establishments located in the urban areas.

Table 3.7: District-wise of establishments and persons usually working

	Meghalaya	73038	32518	105556	190971	98460	289431	2.7

Employment:

From Table 3.7, it was observed that establishments located in the East Khasi Hills Districts provided the highest number of employment with 97,746 persons which accounted for 33.77% of the total employment in the State. Establishments located in the West Garo Hills District, the Jaintia Hills District and the Ri-Bhoi District employed 48,822 (16.87%) persons, 43,027 (14.87%) persons and 33,373 (11.53%) persons respectively. Establishments located in the South Garo Hills District have the lowest employment with 14,955 (5.17%) persons. Establishments located in the Jaintia Hills District have the highest average number of workers per establishment with 3.2 persons.

With regard to the number of persons employed in establishments located in the rural areas, it was observed that the establishments located in the West Garo Hills District provided maximum employment at 38,749 persons (20.29%), followed by those located in the Jaintia Hills Districts at 38,692 persons (20.26%), East Khasi Hills Districts with 32,975 persons (17.27%), Ri-Bhoi District with 30,687 persons (16.07%), West Khasi Hills District with 19,865 persons (10.40%), East Garo Hills District with 17,452 persons (9.14%) and the lowest number of workers are employed in establishments located in the South Garo Hills District with 12,551 persons (6.57%).

In respect of the number of persons employed in establishments located in the urban areas, the East Khasi Hills District with 64,771 persons (65.78%) has the highest employment followed by the West Garo Hills District with 10,073 persons (10.23%), the East Garo Hills District with 7,574 persons (7.69%), the West Khasi Hills District with 6,617 persons (6.72%), the Jaintia Hills District with 4,335 persons (4.40%), the Ri-Bhoi District with 2,686 persons (2.73%) and the South Garo Hills District accounted the lowest with 2,404 persons (2.44%).

District wise total number of establishments for all broad activity by sector and type of establishment

Agricultural sector:

It was observed from Table 3.8 that out of the total number of agricultural establishments of 7,346, the establishments located in the East Khasi Hills District accounted for 2,226 establishments (30.30%) followed by the Ri-Bhoi District with 2,113 establishments (28.76%) and the Jaintia Hills District with 1,230 establishments (16.74%).

Out of the total 'Own Account Agricultural' (OAA) establishments of 5,517, the establishments located in the East Khasi District accounted for 1,850 (33.53%) establishments followed by the Ri-Bhoi District with 1,498 (27.15%) establishments. The South Garo Hills District had the lowest share of agricultural own account establishments with 97 (1.76%) establishments

In the case of agricultural establishments with hired workers, the establishments located in the Ri-Bhoi District accounted for 615 (33.62%) establishments followed by the Jaintia Hills District with 395 (21.60%) establishments and the East Khasi Hills District with 376 (20.56%) establishments.

Total	5517	1829	7346	50464	47746	98210

Note:-OAE: - Own Account Establishments (without hired workers).

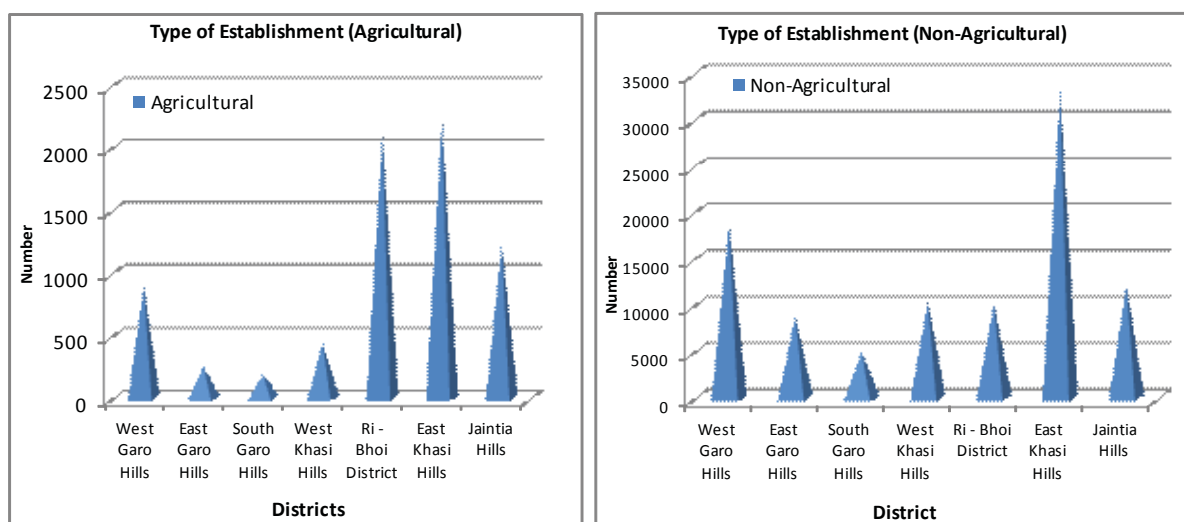

Non-agricultural sector:

In respect of non-agriculture establishments, the East Khasi Hills District accounted for 32,961 establishments (33.56%) followed by the West Garo Hills District with 18,643

establishments (18.98%). The South Garo Hills District accounted for the lowest number of non-agricultural establishments with 5,050 establishments (5.14%).

The number of Own Account Non-agricultural (OAN) establishments located in the East Khasi Hills District with 19,353 establishments (38.35%) was the highest followed by the West Garo Hills District with 8,976 establishments (17.79%), the Ri-Bhoi District with 6,204 establishments (12.29%), the Jaintia Hills District with 5,510 establishments (10.92%). The other three remaining Districts together accounted for a total of 10,421 (20.65%) Own Account Non-agricultural establishments.

The number of establishments with hired workers located in the East Khasi Hills District with 13,608 establishments (28.50%) was the highest followed by the West Garo Hills District with 9,667 establishments (20.25%), the Jaintia Hills District with 6,636 establishments (13.90%). The South Garo Hills District has the lowest number of establishments with hired workers at 2,853 establishments (5.97%).

District wise ratio of establishments to population and area

Table 3.9 below revealed that the average number of establishments per 1000 population was 33.84 establishments in the State. In the Ri-Bhoi District, it averaged at 44.91 establishments, followed by the East Khasi Hills District with 40.75 establishments, while the West Khasi Hills District recorded the lowest average number at 26.71 establishments per 1,000 population. Overall, the three Districts of the State namely the South Garo Hills District, the Ri Bhoi District and the East Khasi Hills District has the highest number of establishments per thousand population which is above the State average.

Table 3.9: District wise ratio of Establishments with population and Area

District	Estimated population 2013	Area (sq.km)	No. of Establishments	No. of Establishments per '000 Population	No. of Establishments per 10 sq.km.
(1)	(2)	(3)	(4)	(5)	(6)
West Garo Hills	671673	3677	19537	29.09	53.13
East Garo Hills	333416	2603	9097	27.28	34.95
South Garo Hills	152449	1887	5241	34.38	27.77
WestKhasi Hills	403825	5247	10787	26.71	20.56
Ri-Bhoi	274550	2448	12331	44.91	50.37
East Khasi Hills	863568	2748	35187	40.75	128.05
Jaintia Hills	417748	3819	13376	32.02	35.02
Meghalaya	3118791	22429	105556	33.84	47.06

Note: Estimated population is calculated

As observed from Table 3.9, the concentration of establishments per 10 sq. kms of area was 47.06 establishments for the State. The concentration was the highest in the East Khasi Hills District with 128.05 establishments followed by the West Garo Hills District with 53.13 establishments and Ri Bhoi District with 50.37 establishments. In the other four Districts of the State, the concentration of establishments per 10 sq. kms of area was 35.02 establishments in Jaintia Hills District, 34.95 establishments in the East Garo Hills District, 27.77 establishments in the South Garo Hills District and 20.56 establishments in the West Khasi Hills District.

Comparison of Results of Economic Censuses of 1980, 1990, 1998, 2005 and 2013

In the First Economic Census (1977) only establishments with hired worker were covered while in the Second (1980), Third (1990), Fourth (1998), Fifth (2005) and Sixth (2013) Economic Censuses, both own account establishments and establishments with hired worker were covered.

Hence the comparison of Economic Censuses results is confined to Second (1980), Third (1990), Fourth (1998), Fifth (2005) and Sixth (2013) Economic censuses.

Table No.3.10: Establishments and Employment by location

Location	Number Of Establishments					Number Of Employment				
	EC	EC	EC	EC	EC	EC	EC	EC	EC	EC
	1980	1990	1998	2005	2013	1980	1990	1998	2005	2013
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)	(11)
Rural	20839	32179	36352	55122	73038	49271	84586	97269	136245	190971
Urban	11531	17792	20145	28085	32518	59307	85390	87184	106097	98460
Combined	32370	49971	56497	83207	105556	108578	169976	184453	242342	289431

Location	Average annual Growth Rate Of Establishments				Average annual Growth Rate Of Employment			
	1980-90	1990-98	1998-2005	2005-2013	1980-90	1990-98	1998-2005	2005-2013
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)
Rural	5.44	1.62	7.38	4.06	7.17	1.87	5.72	5.02
Urban	5.43	1.65	5.63	1.97	4.4	0.26	3.1	-0.90
Combined	5.44	1.63	6.75	3.36	5.66	1.07	4.48	2.43

It is seen from Table 3.10 that there was an annual growth rate of 5.44% during 1980-90, 1.63% during 1990-98, 6.75% during 1998-2005 and 3.36% during 2005-13 in the number of establishments in the State. So far as the growth of employment is concerned, between the Second and Third Economic Censuses, the employment increased at an annual growth rate of 5.66%, 1.07% only during 1990-98 and rose to 4.48% during 1998-2005 and the annual growth rate was 2.43% during 2005-2013.

It is seen from Table 3.11 that there was a decline in the annual growth rate at (-)1.00% during 1980-90 and also a decline of (-)0.96% during 1990-98, while it increased by 8.78% during 1998-2005 and 14.73% during 2005-13 in the number of agricultural establishments in the State. In case of non-agricultural establishments, there was an annual growth rate of 5.98% during 1980-90, 1.76% during 1990-98, 6.68% during 1998-2005 and 2.88% during 2005-13 in the State

CHAPTER FOUR

Agricultural Sector

This chapter deals with the results of Sixth Economic Census pertaining to agricultural establishments. Agricultural establishments covered during Sixth Economic Census are activities relating to Agriculture (excluding crop production and plantation), Livestock, Forestry and Logging and Fishing and Aquaculture.

Establishments and Employment

Agricultural Establishments

Table 4.1: Agricultural Establishments and Employment Therein

(iii) Female	3642	90.76	371	9.24	4013

Note: Percentage share indicates the share between rural and urban areas

According to the Sixth Economic Census, out of the total number of 7,346 agricultural establishments, there are 5,517 establishments (75.10%) which were own account establishments while the rest 1,829 (24.90%) were establishments with at least one hired worker.

Of the total number of 14,937 persons employed, 8,100 (54.23%) persons were employed in own account establishments (OAE) and the remaining 6,837 (45.77%) persons were employed in establishments with at least one hired worker.

About 89.97% of the agricultural establishments are located in the rural areas while the rest 10.03% are located in the urban areas. Within the rural areas, about 74.50% of

the agricultural establishments are own account establishments while the rest 25.50% are agricultural establishments with at least one hired worker. In respect of employment, about 52.69% are employed in own account agricultural establishments while the rest 47.31% are employed in agricultural establishments with at least one hired worker.

On an average, there were 2.03 persons per establishments employed in the agricultural establishments.

There were 4,013 females employed in agricultural establishments which constituted about 26.87% of total employment in agricultural establishments. About 90.76% of the female workers in agricultural establishments were found to be working in establishments located in the rural areas and 9.24% in the urban areas.

Distribution of establishments by Broad Activity Classification

At the State level, livestock accounted for the majority of establishments under agricultural establishments with 5,360 (72.96%) establishments out of 7,346 agricultural establishments, employing about 10,736 (71.87%) persons. Thus, the average number of persons employed per establishment in Livestock was 2.79 persons. Out of the total 5,360 establishments in the Livestock sector, about 88.40% are located in the rural areas while the rest 11.60% are in the urban areas.

The other remaining agricultural activities namely, Activities relating to Agriculture other than Crop Production & Plantation, Forestry and Logging and Fishing and aquaculture together contributed only 27.04% of the total agricultural establishments and employing 4,201 persons accounting for 28.12% of the total number of persons working in agricultural establishments.

The distribution of establishments and employment in agricultural establishments are given in Tables 4.2 and 4.3.

Employment in Agricultural Establishments by Broad Activity Classification Sector-Wise

From the tables above, it was observed that under agricultural activities, 75.10% establishments were own account establishments (OAE) or establishments without hired worker and 24.90% were establishments with at least one hired worker.

Type of Ownership

Table 4.4 shows the distribution of agricultural establishments by their type of ownership (i.e. Government/ PSU and Private ownership comprising Proprietary, Partnership, Company, Self Help Groups, Co-operative, Non Profit Institutions and Others) by location together with employment therein.

It was observed that out of 7,346 total agricultural establishments, 6,903 (93.97%) agricultural establishments were under private proprietary ownership while the remaining 350 (4.76%) establishments were owned by private partnership, private company, self help groups, co-operative, non-profit institutions and others and 1.27% were owned by Government sectors. It also revealed that out of the 7,253 private sector establishments, 6,524 (89.95%) were establishments located in the rural areas and 729 (10.05%) in the urban areas.

Table 4.4: Distribution of Agricultural Establishments and Employment therein by type of ownership

Total	6609	737	7346	13374	1563	14937
	100	100	100	100	100	100

Note: Percentage share indicated in bold and italics are the share between each type of ownership of establishments.

Agricultural establishments under private sector employed 14,467 persons or 96.85% of the total employment in agricultural establishments. The share of employment in rural private sector agricultural establishments was 96.90% while in establishments located in the urban areas, the share was 96.42%. The share of Government /PSU in agricultural establishments was only 1.27% employing 3.15% of the total workers.

Selected Characteristics of Agricultural Establishments

Under Proprietary ownership:-

The sector-wise distribution of agricultural establishments under proprietary ownership with selected characteristics are presented in Table 4.5. The majority of the agricultural establishments under proprietary ownership i.e. 6,181 (89.54%) establishments were located in the rural areas employing about 11,225 (88.32%) workers whereas the remaining 722 (10.46%) agricultural establishments were located in the urban areas, employing about 1,485 (11.68%) workers.

Table 4.5: Establishments and Employment in Proprietary Agricultural Establishments by Sector and Social Group of the owner

	100.00	100.00	100.00	100.00	100.00	100.00

Note:- Figures in italic are percentage to all establishments/workers in their respective category.

The proportion of agricultural establishments owned by Scheduled Tribes to total agricultural establishments under proprietary ownership was 5258 (76.17%) numbers while establishments owned by Scheduled Castes, Other Backward Classes and Others constituted 3.72%, 7.00% and 13.11% respectively.

Further, the proportion of employment in agricultural establishments owned by Scheduled Tribes to total agricultural establishments under proprietary ownership was 73.75%, while establishments owned by Scheduled Castes, Other Backward Classes and Others accounted for 3.78%, 8.34% and 14.12% respectively.

The average employment in the agricultural establishments under proprietary ownership was 1.84 persons per establishment. This distribution was 1.82 in rural areas and 2.06 in urban areas persons per establishments.

Inter- District Comparison of Agricultural Establishments

District-wise distribution of agricultural establishments by type and Sector-wise are given in Table 4.6. The Table revealed that the East Khasi Hills District has the maximum number of agricultural establishments with 2,226 numbers, constituting 30.30% of the total agricultural establishments in the State. It was followed by the Ri-Bhoi District with 2,113 (28.76 %) establishments.

In rural areas, the maximum numbers of agricultural establishments were located in the Ri-Bhoi District with 2,088 (31.59%) establishments followed by the East Khasi Hills District with 1,659 (25.10%) establishments and the Jaintia Hills with 1,230 (18.61%) establishments came third. Whereas in the urban areas, the majority of agricultural establishments was concentrated mostly in East Khasi Hills District with 567 (76.93%) establishments while in the other 6 remaining Districts the contribution was only 170 (23.07%) numbers out of the total establishments.

The proportion of agricultural own account establishments to the total agricultural establishments was 75.10% and the balance 24.90% were agricultural establishments with at least one hired worker. The East Khasi Hills District with 1,850 Own account establishments accounted for 33.53% of the total Own account establishments while the South Garo Hills Districts with only 97 (1.76%) had the smallest number of Own account establishments. In respect of agricultural establishments with hired workers, the Ri Bhoi

District with 615 (33.62%) establishments occupied the first place followed by the Jaintia Hills District with 395 (21.60%) establishments and the East Khasi Hills District with 376 (20.56%) establishments.

As regards to the proportion of workers in agricultural own account establishments to the total workers in agricultural establishments it was 54.22% and the balance 45.77% were agricultural establishments with at least one hired worker. It also revealed that the Ri-Bhoi District leads in providing employment in agricultural establishments employing 4,446 workers, constituting about 29.77% of the total employment in agricultural establishments, followed by the East Khasi Hills Districts with 3,959 (26.50%), the Jaintia Hills Districts with 2,355 (15.77%), the West Garo Hills Districts with 1,960 (13.12%) and the 3 remaining Districts with 2,217 (14.84%).

For employment in agricultural Own account establishments, the maximum share of employment was provided by the establishments located in the East Khasi Hills District with 2,829 (34.93%) persons, followed by those located in the Ri-Bhoi District with 2,260 (27.90%) persons, the Jaintia Hills Districts with 1,162 (14.34%) persons and those in the West Garo Hills Districts with 1,023 (12.63%) persons, while the employment in the remaining three Districts were 826 (10.20%) persons.

Of the 6,837 persons working in agriculture Establishments with at least one hired worker, 6,327 (92.54%) workers were in those establishments located in the rural areas and only 510 (7.46%) were in those establishments located in the urban areas.

Nature of Operation

The distribution of establishments and employment in agricultural establishments by nature of operation in the State is given in Table 4.7. Agricultural establishments of perennial in nature accounted for 6,486 (88.29%) of the total agricultural establishments, and 12,928 (86.55%) persons working, with an average employment of 2.03 persons per establishment. There were 5,775 numbers of rural agricultural establishments of perennial in nature accounting for 87.38% of the rural agricultural establishments and employed 11,409 (85.31%) workers of the total rural agricultural establishments. While in urban areas this figure was 711 (96.47%) numbers of agricultural establishments of perennial in nature and employing 1,519 (97.19%) workers of the total urban agricultural establishments.

The results indicated that only 860 (11.71%) numbers of the agricultural establishments in the State were non-perennial in nature (i.e., seasonal and casual nature of agricultural establishments) employing about 2,009 (13.45%) of the total workers in the agricultural establishments.

Table 4.7: Agricultural Establishments and Employment therein by Sector and Nature

Note: - Figures in italic are percentage of establishments to all establishments in their respective category.

Premises Status

It was observed that 4,390 (59.76%) numbers of the agricultural establishments operated from outside household with fixed structure. Out of these, 4,215 establishments constituting 96.01% were located in the rural areas and the rest 175 (3.99%) in the urban areas.

About 2,055 (27.97%) agricultural establishments operated from outside household without fixed structure, with a concentration of 1,939 (94.36%) establishments in the rural areas.

About 901 (12.27%) agricultural establishments in the State operated from inside household with fixed structure.

District- wise distribution of agricultural establishments by Broad Activity

Table 4.9 shows the District-wise distribution of agricultural establishments by broad activity. It revealed that the East Khasi Hills District has the maximum agricultural establishments with 2,226 units constituting 30.30% of all agricultural establishments in the State, it was followed by the Ri-Bhoi District with 2,113 (28.76%) establishments.

Majority of agricultural establishments were engaged in Livestock with the East Khasi Hills District leading with 2,108 (39.32%) establishments followed by the Ri Bhoi District with 1,565 (29.20%) units.

Amongst the broad activities constituting the agricultural establishments, the Jaintia Hills District with 233 (56.83%) of total establishments engaged in Activities relating to Agriculture other than crop production and plantation was at the top while the six remaining Districts with 177 establishments constituted only 43.17%.

Table 4.9: District- wise distribution of Agricultural Establishments by Broad Activity Groups

District	Activities relating to Agriculture other than crop production and	Livestock	Forestry and logging	Fishing and Aqua	Total
West Garo Hills	30	220	472	172	894
East Garo Hills	1	87	89	78	255
South Garo Hills	10	123	38	20	191
West Khasi Hills	26	273	117	21	437
Ri Bhoi District	61	1565	290	197	2113
East Khasi Hills	49	2108	24	45	2226
Jaintia Hills	233	984	2	11	1230
Meghalaya	410	5360	1032	544	7346

Out of the total 1,032 establishments engaged in Forestry and Logging activities, the West Garo Hills District was leading with 472 (45.74%) establishments, followed by the Ri-Bhoi District with 290 (28.10%), while the remaining five Districts has 270 (26.16%) establishments.

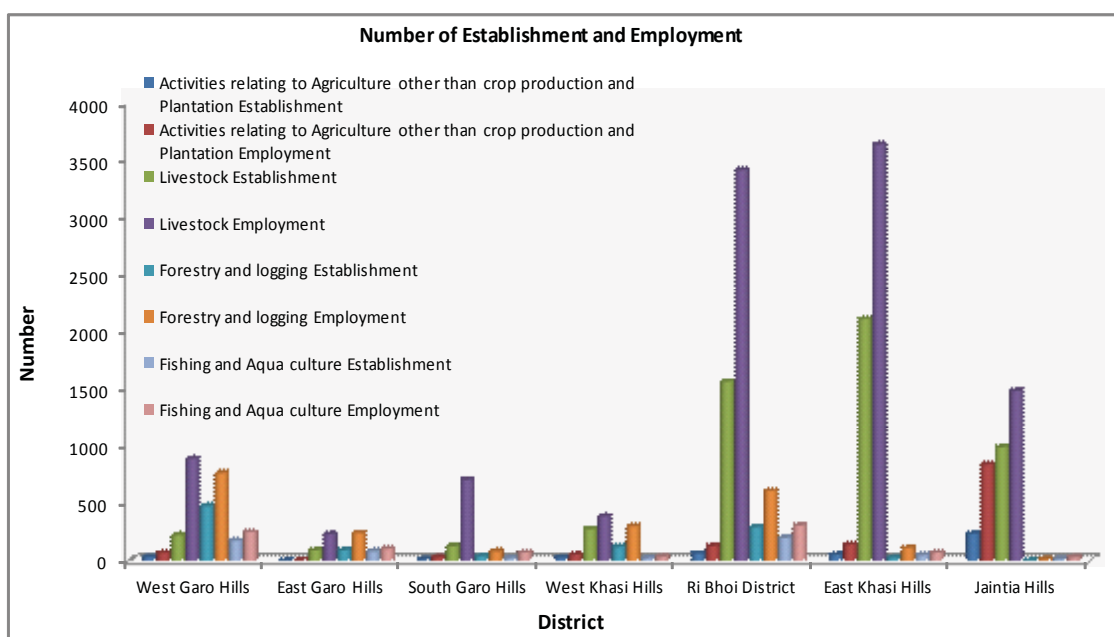

A total of about 544 establishments were engaged in Fishing and Aquaculture activities with the Ri-Bhoi District having the largest share at 197 (36.21%) establishments, followed by the West Garo Hills District with 172 (31.62%) establishments while the remaining five Districts has 175 (32.17%) establishments.

Table 4.10: District- wise distribution of Employment in Agricultural Establishment by Broad Activity Groups

District	Activities relating to Agriculture other than crop production and Plantation	Livestock	Forestry and logging	Fishing and Aqua culture	Total
West Garo Hills	66	886	760	248	1960
East Garo Hills	3	229	239	103	574
South Garo Hills	28	702	79	70	879
West Khasi Hills	50	385	297	32	764
RiBhoi District	126	3410	606	304	4446
East Khasi Hills	139	3642	110	68	3959
Jaintia Hills	835	1482	10	28	2355
Meghalaya	1247	10736	2101	853	14937

The District-wise break up of employment among the broad activity constituting the agricultural establishments shows that majority of workers in the agricultural establishments were engaged in 'Livestock' with the East Khasi Hills District's share of 3,642 (33.92%) workers followed by Ri-Bhoi District with 3,410 (31.76%) workers and the Jaintia Hills District with 1,482 (13.80%) workers and the West Garo Hills with 886 (8.25%) workers.

In activities relating to Agriculture (other than crop production and plantation), the Jaintia Hills District topped with 835 (66.96%) workers of the total workers engaged in agricultural establishments. Employment in 'Forestry and Logging' establishments constituted only 2,101 (14.07%) workers of the total workers in agricultural establishments. As far as employment in 'Fishing and Aquaculture activities', it constituted only 5.71% of the total agricultural establishments.

Source of Finance

A total of 6,748 establishments were self-financed with concentration of such establishments located in the rural areas (89.82%) (Table 4.12). In rural areas of the State, 91.71% were Self-financed whereas this figure was 93.21% in urban areas.

Table 4.12: Distribution of Agriculture Establishments by Establishments and Major Source of Finance

Major Source of Finance	No. of Establishments					
	Rural	% Share	Urban	% Share	Combined	% Share

Borrowing from Non-Institutions/Money	10	<i>0.15</i>	3	<i>0.41</i>	13	<i>0.18</i>
Loan from Self Help Group	4	<i>0.06</i>	2	<i>0.27</i>	6	<i>0.08</i>
Donations/Transfers from other Agencies	331	<i>5.01</i>	19	<i>2.58</i>	350	<i>4.76</i>
Total	6609	89.97	737	10.03	7346	100.00

Note:- Figures in italic are percentage share of establishments to all establishments in their respective category.

Donations/transfers from other agencies, financial assistance from Government sources, borrowing from financial institutions, borrowing from non-institutions / money lenders and loan from Self Help Groups accounted for a smaller share of the financial assistance by the establishments. Only, 598 (8.14%) establishments had sought financial assistance from these sources.

CHAPTER FIVE

Non - Agricultural Establishments

Coverage

A non-agricultural establishments for the purpose of Sixth Economic Census has been defined as an establishment which are engaged in Mining and Quarrying; Manufacturing; Electricity, Gas, Steam and Air Conditioning Supply; Water Supply, Sewerage, Waste Management and remediation activities; Construction; Wholesale Trade, Retail Trade and Repair of Motor Vehicles and Motorcycles; other Wholesale Trade; other Retail trade; Transportation and Storage (including postal and courier activities); Accommodation and food service activities; Information and communication; Financial and Insurance activities; Real estate activities; Professional, Scientific and Technical activities; Administration and support service activities, Education, Human health and Social work activities, Art, Entertainment, Sport and Amusement and Recreation (excluding illegal gambling and betting activities); other service activities not elsewhere classified (including membership organization, repair of computers and personal household goods). In short, establishment other than agricultural establishments are non-agricultural establishments.

Establishments

The distribution of non-agricultural establishment and employment by types of establishments with rural -urban break up are given in Table 5.1.

Non-agricultural establishments

There were 98,210 non-agricultural establishments which accounted for 93.04% of the total establishments in the State providing employment to 2,74,494 (94.84%) persons. Out of these, 50,464 (51.38%) were Own Account Establishments (OAE) and the remaining 47,746 (48.62%) were establishments with at least one hired worker.

There were 66,429 (67.64%) non-agricultural establishments located in rural areas. Of this, 33,103 (49.83%) establishments were Own Account Establishments (OAE) and the rest 33,326 (50.17%) establishments were establishments with at least one hired worker. Similarly, out of 31,781 non-agricultural establishments in the urban areas, 17,361 (54.63%) were own account establishments (OAE) and the remaining 14,420 (45.37%) were establishments with at least one hired workers.

(c) Female	57315	63.70	32664	36.30	89979

Note: Percentage share indicates the share between rural and urban areas

Out of the total 50,464 own account non-agricultural establishments in the State, there were 33,103 (65.60%) establishments located in the rural areas and the remaining 17,361 (34.40%) establishments were located in the urban area. Out of the 47,746 non-agricultural establishments with at least one hired worker, there were 33,326 (69.80%) establishments located in the rural areas and the remaining 14,420 (36.20%) establishments were located in the urban areas.

Employment

Out of 2,74,494 persons employed in the non-agricultural establishments which constituted about 94.84% of the total persons employed, there were 68,513 (24.96%) persons employed in own account establishments and the remaining 2,05,981 (75.04%) persons were employed in establishments with at least one hired worker. Out of the total 2,74,494 persons employed, there were 1,77,597 (64.70%) persons employed in non-agricultural sector in establishments located in the rural areas, whereas 96,897 (35.30%) persons employed in the urban areas.

There were 1,69,093 hired workers in the non-agricultural establishments which constitute 61.60% of total workers in the non-agricultural sector. About 64.27% of them were employed in establishments located in the rural areas.

Average number of persons employed per establishment in the non-agricultural establishment was 2.79 persons. It was found to be higher in establishments located in the urban areas (3.05 persons) than in those in the rural areas (2.67 persons). Own account establishments have an average employment of 1.36 persons per establishments while for establishments with at least one hired worker, it was 4.31 persons.

There were 89,979 female workers, constituting about 32.78% of the employment in non-agricultural establishments. The proportion of female employment was found to be

46.52% in own account establishments and 28.21% in establishments with at least one hired worker. There were 57,315 (63.70%) women employees in non-agricultural establishments located in the rural areas and the rest 32,664 (36.30%) in urban areas.

Non-agricultural establishments by major activity groups

The distribution of non-agricultural establishment by major activity groups by type of establishments are given in Table 5.2. It was observed that among non-agricultural establishments in the State, sectors like the “Retail Trade” was the most predominant at 39,999 (40.73%) establishments, followed by “Education” at 11,728 (11.94%) establishments and “Accommodation and Food Service Activities” with 11,639 (11.85%) establishments.

There were 50,464 number of own account establishment constituting 51.38% of the non-agricultural establishments. Among the own account establishments, activities under the “Retail Trade” at 28,962 (57.39%) establishments had the highest share followed by the “Manufacturing” at 5,776 (11.45%) establishments and the “Accommodation and Food Service activities” at 5,048 (10.00%) establishments.

There were 47,746 numbers of non-agricultural establishments with at least one hired worker in the State which constituted 48.62% of the total non-agricultural establishments. It revealed that the sectors like “Education”, “Retail Trade” and “Accommodation and Food Service Activities” were the three major activities which together shared 60.38% of the total non-agricultural establishments. Amongst establishments with at least one hired worker, ‘Education’ sector with a share of 11,201 (23.46%) establishments, ‘Retail Trade’ with 11,037 (23.12%) establishments and ‘Accommodation and Food Service Activities’ with 6,591 (13.80%) establishments were the three major sectors.

Employment in non-agricultural establishments by major activity groups and type of establishments

In the non-agricultural sector, the maximum number of workers were found to be engaged in the “Retail Trade” sector with 69,015 (25.14%) workers, followed by “Education” sector with 54,799 (19.96%) workers, “Manufacturing” sector with 34,573 (12.60%) workers and the “Accommodation and Food service activities” sector with 33,291 (12.13%) workers. Taken together, these four activity groups accounted for about 69.83% of the total employment in non-agriculture sector.

Own account establishments employed 68,513 persons which is 24.96% of the total employment in non-agriculture establishments. There were 46,226 (67.47%) persons employed in own account establishments in the rural areas. In the own account establishments, the total employment in non-agricultural activities in rural area was dominated by “Retail trade” with 23,636 (51.13%) persons, followed by “Manufacturing” with 6,978 (15.09%) persons and “Accommodation and Food service activities” with 6,384 (13.81%) persons. There were 22,287 (32.53%) persons employed in own account establishments in the urban areas. The major activities which employed the largest number of persons are “Retail trade” with 13,577 (60.92%) persons followed by “Accommodation and Food service activities” with 2,286 (10.26%) persons and “Transportation and Storage” with 1,175 (5.27%) persons.

Non-agricultural Establishments with at least one hired worker employed 2,05,981 persons. Amongst the establishments with at least one hired worker, the largest number of workers with 53,969 persons (26.20%) was in the “Education” sector followed by “Retail trade” with 31,802 (15.44%) persons, “Manufacturing” with 26,092 (12.67%) persons, “Accommodation and Food service activities” with 24,621 (11.95%) persons and “Human Health and Social work activities” with 12,354 (6.00%) persons.

There were 1,31,371 (63.78%) persons employed in the non-agricultural establishments with at least one hired worker in the rural areas and the rest 74,610 (36.22%) persons employed in the urban areas. In the rural areas, the activity group “Education” accounted for 39,896 (30.37%) persons, followed by “Manufacturing”, “Retail Trade” and “Accommodation and Food service activities” with 19,312 (14.70%), 15,833 (12.05%) and 14,846 (11.30%) persons employed respectively. In the urban areas, the activity group “Retail Trade” dominated with 15,969 (21.40%) persons, followed by “Education” with 14,073 (18.86%) persons and “Accommodation and Food services” with 9,775 (13.10%) persons.

Out of the total persons (2,74,494 in nos.) employed in non -agricultural establishments, there were 45,983 (16.75%) persons employed in establishments which were under Government ownership, 1,83,882 (66.99%) persons were employed under private proprietorship establishments, 2,294 (0.84%) persons were under private partnership, 9,569 (3.49%) persons were under private Company, 1,942 (0.71%) persons were under private self-help groups, 1,017 (0.37%) persons were under private co-operatives, 15,374 (5.60%) persons were under private non-profit institutions and 14,433 (5.26%) persons were under private 'Others'. This indicates that majority of the employment were in establishments under "private proprietorship" in the rural areas at 63.14% and in the urban at 74.05%, followed by the Government/PSU (19.66% in the rural areas and 11.42% in the urban areas).

Establishments and Employment in Proprietary Non-Agricultural Establishments by Sector and Social Group of owner

It is observed that majority of the proprietary non-agricultural establishments were owned by a social group "Schedule Tribe" owning 55,048 (71.39%) non-agricultural proprietary establishments with employment share of 1,26,405 (68.77%) persons. In the rural areas, there were 36,770 (76.20%) establishments under the "Schedule Tribe" ownership and employed 82,566 (73.63%) persons. Under the social group "Scheduled Tribe" there were 18,278 (63.34%) proprietary non-agricultural establishments in urban areas and employing 43,884 (61.16%) persons.

Persons categorized as 'Others' social group owned 16,097 (20.88%) establishments with 42,953 (23.36%) persons employed in non-agricultural proprietary establishments. The share of this social group in proprietary non-agricultural establishments in the rural areas was 8,227 (17.05%) establishments and 7,870 (27.27%) establishments in the urban areas with employment of 21,344 (19.04%) persons and 21,609 (30.12%) persons respectively.

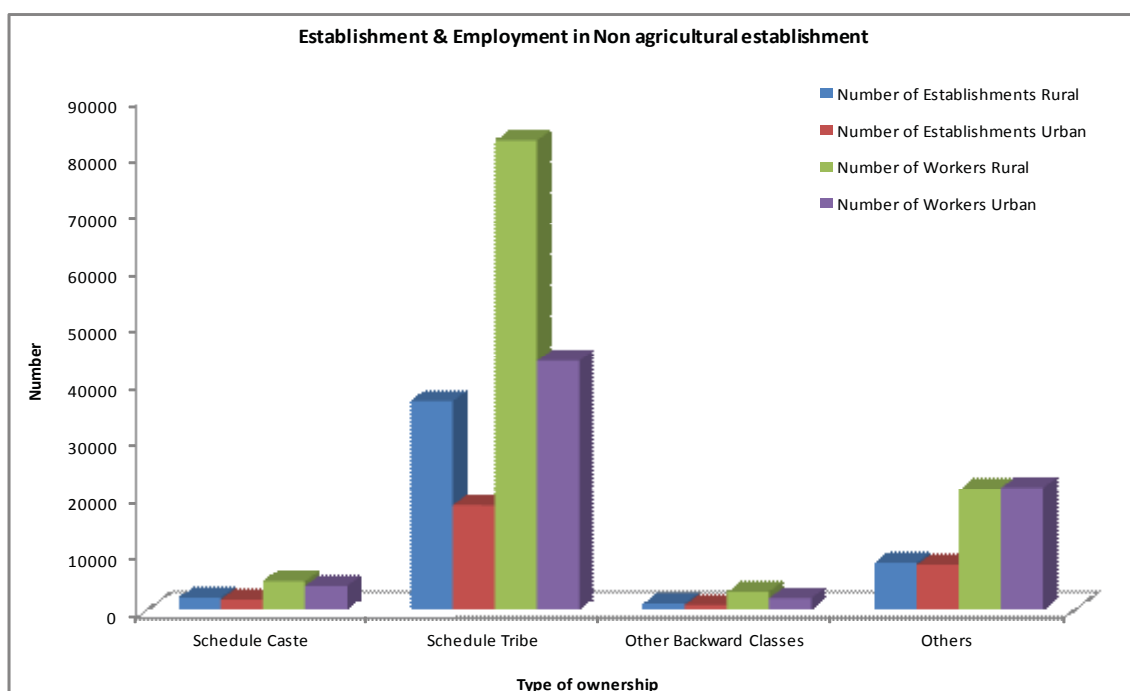

The category of 'Schedule Caste' persons owned 3,984 (5.17%) non-agricultural proprietary establishments (4.43% of the establishments in the rural areas and 6.39% in the urban areas). In these establishments there were about 9,230 (5.02%) persons employed (4.48% of the total employment in the rural areas and 5.87% in the urban areas.)

The least number of establishments were owned by person belonging to the OBC category. They owned 1,980 (2.57%) non-agricultural proprietary establishments (2.31% of the establishments in the rural areas and 3.00% in the urban areas) with 5,249 (2.85%) persons employed.

Note:- Figures in italic are percentage to all establishments/workers in their respective category.

As observed from the above Table, the East Khasi Hills District accounted for the largest number of non-agricultural establishments at 32,961 numbers which constituted 33.56% of the establishments followed by the West Garo Hills District with 18,643 (18.98%) establishments. On the other hand, the South Garo Hills District accounted for the least number of non-agricultural establishments at 5,050 (5.14%).

It was also observed that the East Khasi Hills District has the largest number of own account non-agricultural (i.e., without hired workers) establishments at 19,353 (38.35%), followed by the West Garo Hills District with 8,976 (17.79%) establishments. On the other hand, the South Garo Hills District had the least number of own account non-agricultural establishments with 2,197 (4.35%) establishments.

As regards the non-agricultural establishments with at least one hired worker, the same trend was witnessed where in the East Khasi Hills District accounted for the highest number of 13,608 (28.50%) establishments and the South Garo Hills Districts has the lowest at 2,853 (5.97%) of establishments.

The information on employment in the non-agricultural establishments in Table 5.7 indicated that the East Khasi Hills District accounted for the largest share of employment in both own account establishments and establishments with at least one hired worker with 25,881 (37.77%) persons and 67,906 (32.97%) persons respectively. The South Garo Hills District had the least number usually working in both own account establishments at 2,956 (4.31%) persons as well as establishments with at least one hired worker at 11,120 (5.40%) persons.

The employment status as indicated in the Table 5.7 also revealed that out of the total of 2,05,981 persons usually working in non-agricultural establishments with at least one hired worker, 169,093 (82.09%) were working on hired basis.

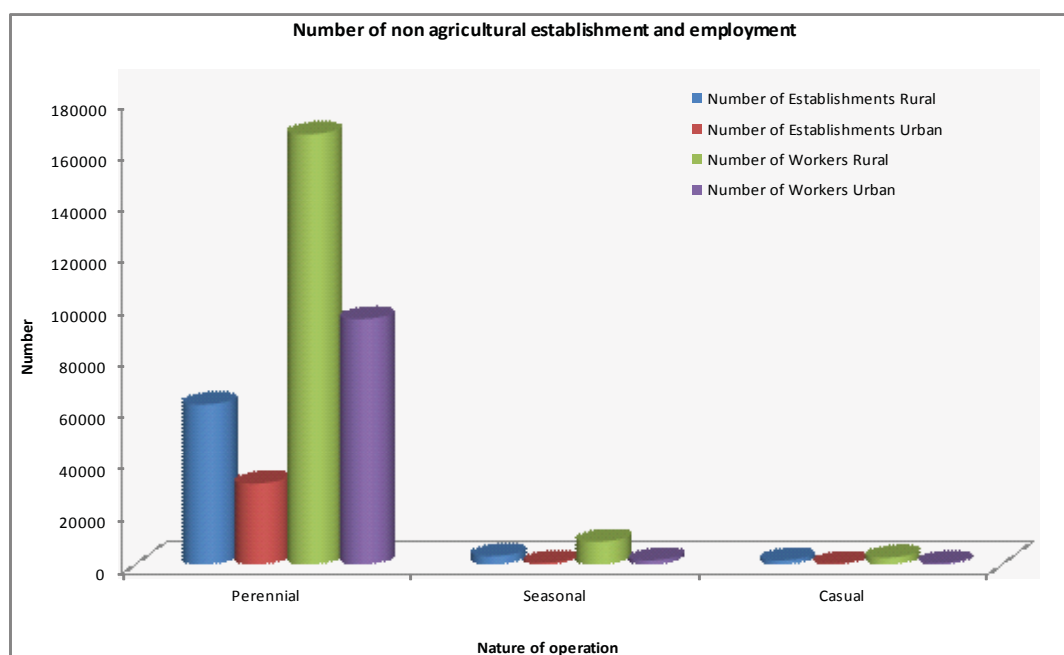

Establishments by Nature of Operation

Majority of the non-agricultural establishments numbering 92,834 (94.53%) were engaged in activities which are perennial in nature as seen from Table 5.8 followed by establishments which were engaged in seasonal nature of activities at 3,707 (3.77%) establishments. Distribution of work force by nature of operation of the establishments indicated that there were 2,61,323 (95.20%) persons employed in establishments with perennial nature of activities while 10,174 (3.71%) person employed in establishments with seasonal nature of activities. Area-wise, it shows that in the rural areas, there were 61,178 (93.01%) establishments which were engaged in perennial nature of activities and there were 31,050 (97.70%) of such establishments in the urban areas. Similar trend prevails in so far as employment is concerned.

Table No.5.8 : Distribution of Non Agricultural Establishments and Employment therein by Sector and Nature

Major Source of Finance

Table 5.10 shows that a total of 73,246 (74.58%) non-agricultural establishments were self-financed. In the rural areas, there were 45,662 (68.74%) such establishments whereas this figure was 27,584 (86.79%) establishments in the urban areas.

There were 14,373 (14.63%) non-agricultural establishments who got financial assistance from the Government sources. Areas-wise, in the rural areas, there were 12,685 (19.10%) establishments whereas there were only 1,688 (5.31%) establishments receiving such financial assistance in the urban areas. "Donations/transfers from other agencies" were another major source of finance for 7,036 (10.59%) establishments in the rural areas and for 1,568 (4.93%) establishments in the urban areas.

Borrowing from financial institutions, non-institutions/ money lenders and loan from self-help group were sought by a smaller number of establishments located in the rural areas and urban areas.

CHAPTER SIX

Handloom and Handicraft Establishments

For the first time in the history of the Economic Census, it was decided to capture the information on Handicraft and Handloom establishments. Handicrafts and Handloom enterprises are those where predominant role is of skills, performed by hands using traditional knowledge and simple tool. Skill of worker and used of hand are two prerequisites for activities under handicraft sector.

For the purpose of the Sixth Economic Census, the term handicraft includes handloom, so all kinds of hand-weaving activities were considered under the same category.

Establishments

The district-wise distribution of establishments showed that there are a total of 3,806 handloom/handicraft establishments in the State out of which the establishments located in the rural areas constituted 3,149 (82.74%) establishments and the rest 657 establishments are located in the urban areas. District-wise, the East Khasi Hills Districts has the highest number of establishments with 1,197 (31.45%) establishments followed by the Ri-Bhoi District with 997 (26.19%) establishments and the West Garo Hills District with 780 (20.49%) establishments.

Table-6.1: District wise number of Handloom / Handicraft establishments by sector and type of establishments

District	Number of establishments								
	Sector								
	Rural			Urban			Total		
	Type of establishment			Type of establishment			Type of establishment		
	Without Hired Workers	With At least One Hired Worker	Total	Without Hired Workers	With At least One Hired Worker	Total	Without Hired Workers	With At least One Hired Worker	Total
West Garo Hills	515	178	693	38	49	87	553	227	780
East Garo Hills	114	52	166	178	20	198	292	72	364

Total	2695	454	3149	386	271	657	3081	725	3806

There were 3,081 (80.95%) own account establishments, i.e. without hired worker and only 725 (19.05%) were establishments with at least one hired worker.

Under own account establishments, the highest number were located in the East Khasi Hills District with 1,031 (33.46%) establishments followed by those establishments located in the Ri Bhoi District with 902 (29.28%) establishments while the lowest concentration was in the West Khasi Hills District with only 80 (2.60%) establishments.

Under establishments with at least one hired worker, the highest number were located in the West Garo Hills District with 227 (31.31%) establishments followed by the East Khasi Hills District with 166 (22.90%) establishments and the lowest concentration was observed in the South Garo Hills District with only 36 (4.96%) establishments.

Employment

There were a total of 7,747 persons employed under Handloom/Handicraft establishments (Table 6.2) wherein 6,240 (80.55%) persons were employed in establishments located in the rural areas and the rest 1,507 (19.45%) persons were employed in establishments located in the urban areas.

Under own account establishments, the highest number of persons employed were in the establishments located in the East Khasi Hills District with 2,020 (41.51%) persons and the lowest were in the West Khasi Hills District with only 104 (2.14%) persons.

Under establishments with at least one hired worker, the highest number of persons employed were in the locations in the West Garo Hills District with 1,016 (35.26%) persons while the lowest are in those establishments located in the South Garo Hills District with only 83 (2.88%) persons.

CHAPTER SEVEN

Women Entrepreneurs

There were 29,530 establishments out of the total of 1,05,556 establishments which were owned by women entrepreneurs in the State which constituted around 27.98% of the total number of the establishments. Total workers engaged in women owned and run establishments were 58,701 persons which were 20.28% of the total number of workers engaged in the State under different economic activities.

Establishments

Out of the 29,530 women owned establishments, there were 18,423 (62.39%) establishments which were located in the rural areas and the remaining 11,107 (37.61%) were located in the urban areas. Further, there are 21,540 establishments i.e. 72.94% which were operated without hired workers and 7,990 (27.06%) establishments were operated with at least one hired worker. The percentage of establishments without hired workers in the rural areas was 74.52% and in the urban areas it was 70.32%.

Table-7.1: District-wise number of establishments owned by women entrepreneurs by sector (Rural/Urban/Combined) and type of establishments (Without hired workers, with at least one hired worker)

District	Sector								
	Rural			Urban			Combined		
	Type of establishment			Type of establishment			Type of establishment		
	Without Hired Workers	With At least One Hired Worker	Total	Without Hired Workers	With At least One Hired Worker	Total	Without Hired Workers	With At least One Hired Worker	Total

Total	13729	4694	18423	7811	3296	11107	21540	7990	29530

Table 7.1 revealed that the East Khasi Hills District had the highest number and percentage share in the total number of women owned establishments in the State with 13,178 (44.63%) establishments followed by the Jaintia Hills District with 4,325 (14.65%) establishments, the Ri-Bhoi District with 4,103 (13.89%) establishments, the West Khasi Hills Districts with 3,507 (11.88%) establishments, the West Garo Hills District with 2,418

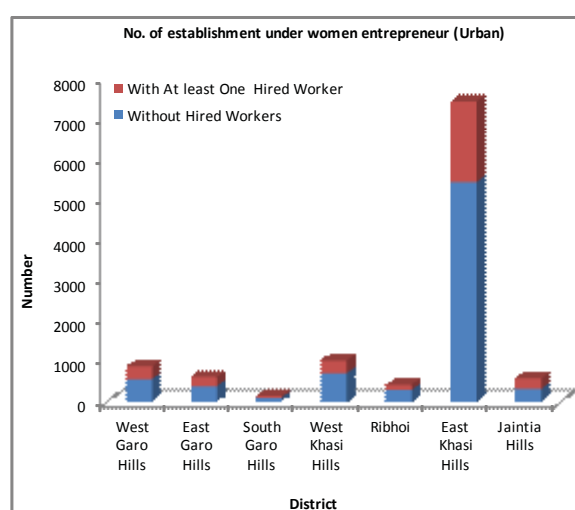

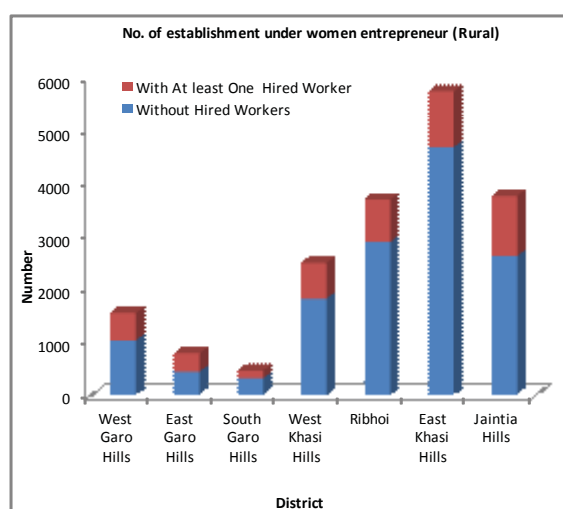

(8.19%) establishments, the East Garo Hills District with 1,401 (4.74%) establishments and the South Garo Hills Districts with the lowest share with 598 (2.02%) establishments.

Table 7.2 shows the total number of establishments with women as entrepreneurs by broad activity. Some of the main economic activities of women owned establishments were in 'Retail Trade' with 15,431 (52.25%) establishments followed by 'Accommodation and Food services' with 5,981 (20.25%) establishments, 'Manufacturing' activities with 3,277 (11.10%) establishments and 'Agriculture' related activities with 1,198 (4.06%) establishments.

Sector-wise, the total numbers of agricultural establishments owned by women were 1,198 (a share of only 4.06% of the total establishments owned by women) and 28,332 (95.94%) establishments in non-agricultural activities.

Areas wise, there were 1,082 (90.32% of the total women owned agricultural establishments) agricultural establishments located in the rural areas while the remaining 116 (9.68%) establishments are located in the urban areas.

Out of the 1,082 agricultural establishments in the rural areas, there were 840 (77.63%) establishments which are without hired workers and the remaining 242 (22.37%) establishments are with at least one hired worker. Out of the 116 agricultural establishments in the urban areas, there were 98 (84.48%) establishments which are without hired workers and the remaining 18 (15.52%) establishments are with at least one hired worker.

Areas wise, there were 17,341 (61.21% of the total women owned non-agricultural establishments) non-agricultural establishments located in the rural areas while the remaining 10,991 (38.79%) establishments are located in the urban areas. Out of the 17,341 non-agricultural establishments in the rural areas, there were 12,889 (74.33%) establishments which are without hired workers and the remaining 4,452 (25.67%) establishments are with at least one hired worker. Out of the 10,991 non-agricultural establishments in the urban areas, there were 7,713 (70.18%) establishments which are without hired workers and the remaining 3,278 (29.82%) establishments are with at least one hired worker.

CHAPTER EIGHT

SUMMARY OF RESULTS

- The Sixth Economic Census was conducted in all the seven Districts (as per the General Census 2011) of Meghalaya. These Districts are West Garo Hills, East Garo Hills, South Garo Hills, West Khasi Hills, Ri Bhoi District, East Khasi Hills and Jaintia Hills
- Fieldwork was conducted during June - October, 2013
- Number of enumerators : 3070
- Number of Supervisors : 1464

Salient features:

A. All establishments

- As per the Sixth Economic Census 2013, there were 1,05,556 establishments in Meghalaya, providing employment to 2,89,431 persons.
- Out of the 1,05,556 establishments, there were 98,210 (93.04%) establishments which were engaged in non-agricultural activities (excluding public administration, defence and compulsory social security activities) and 7,346 (6.96%) establishments in agricultural activities (excluding crop production and plantation).
- Out of the total establishments, there were 73,038 (69.19%) establishments located in the rural areas and 32,518 (30.81%) establishments located in urban areas.
- Own account establishments' numbering 55,981 constituted 53.03% of total establishments and 'establishments with at least one hired worker' numbering 49,575 establishments constituted a share of 46.97%.
- The density of establishments per 10 sq. kms. of area was 47.06 establishments and the number of establishments per thousand of population stood at 33.84.
- Overall average size of employment was 2.74 per establishment.
- The average annual growth rate of establishments was 3.36% during 2005-13 in the State.
- A total number of 18,038 establishments, which comprised 17.09% of the total establishments operated without fixed structure.
- The total number of establishments operating outside household with fixed structure accounted were 72,596 (68.77%) establishments and number of establishments operating inside household stood at 14,922 (14.14%) establishments.
- The East Khasi Hills District accounted for the highest number of 33,187 establishments and the South Garo Hills Districts has the lowest number of 5241 establishments.

B. Employment in Establishments

- Total number of persons employed in all establishments were 2,89,431 workers, out of which 14,937 (5.16%) persons were engaged in agricultural activities and 2,74,494 (94.84%) persons were engaged in non-agricultural activities.
- A total of 1,90,971 (65.98%) persons were employed in establishments located in the rural areas while the rest 98,460 (34.02%) persons were employed in establishments located in the urban areas.
- A total number of 14,937 (5.16%) persons were engaged in agricultural establishments and 2,74,494 (94.84%) were engaged in non-agricultural establishments.
- A total of 4,013 females were employed in agricultural establishments and 89,979 females were employed in non-agricultural establishments.
- The average annual growth rate of employment was 2.43% during 2005-2013.
- The East Khasi Hills District accounted for the highest number of employment at 97,746 persons while the South Garo Hills District has the lowest number of employment at only 14,955 persons.

C. Handloom and Handicrafts establishments and employment

- There were a total of 3,806 Handloom/Handicraft establishments in the State which is 3.84% of all non-agricultural establishments.
- Total numbers of persons employed under Handloom/Handicraft establishments by type of establishments were 7,747 which is 2.82% of all employment in non-agricultural establishments.
- About 80.55% of workers were employed in establishments located in the rural areas and the rest 19.45% were employed in establishments located in the urban areas.

D. Women owned establishments and employment

- There were 29,530 establishments out of the total of 1,05,556 establishments which were run by women entrepreneurs in the State which is 27.98% of the total number of the establishments.
- Total workers engaged in women owned and run establishments were 58,701 persons which constituted 20.28% of the total number of workers engaged in the State under different economic activities.

P R E F A C E

The Sixth Economic Census was conducted in Meghalaya during the period of June, 2013 to October, 2013 in collaboration with the Central Statistical Office (CSO), Ministry of Statistics and Programme Implementation, Government of India. The Sixth Economic Census provides a count of all establishments engaged in economic activities (excluding crop production, plantation, public administration, defence and compulsory social security) including those in the unorganised sector. The data generated under the Sixth Economic Census will provide the necessary frame for detailed follow-up surveys and also gives basic entrepreneurial data for planning and development of the State's economy.

This Economic Census Report captures the information of the Sixth Economic Census for the State and is presented in such a way that it reflects District-wise and activity-wise with detailed information on various characteristics of the entrepreneurial activities viz., location, type of ownership, nature of operation, employment status, sources of finances, etc.

The Sixth Economic Census has used the Enumeration Blocks (EBs) of the Population Census 2011 as the primary geographical units for both urban and rural areas for the purpose of listing of the establishments. For the first time, data on the number of establishments and workers in the Handicraft/Handloom sector were collected and presented in the Report. Also, a separate chapter on women owned enterprises and number of persons employed in such establishments is presented in this Report.

The conduct of the Sixth Economic Census was a massive and gigantic exercise which required proper awareness and training to the enumerators and supervisors so as to collect accurate information from the concerned establishments. All of this would not have been possible without the active and dedicated participation and contribution of the Officers and Staff of this Directorate. I would therefore place on record my appreciation to all the Officers and Staff of the Directorate of Economics and Statistics for their overall supervision of the field work, providing training to all field functionaries, scrutiny of the filled-in schedules and completing the field work successfully in the scheduled time frame.

I express my sincere gratitude to the Chief Secretary, Government of Meghalaya who was also the Chairman of the State level Steering Committee and also to all the members of the Committee for providing the necessary guidance and administrative and logistic support for the successful conduct of the Sixth Economic Census in the State.

I would like to place on record my heartfelt and sincere thanks to the Officers of Economic Census Division, Central Statistics Office, MOS& PI, Government of India for providing this Directorate with the necessary instructions, valuable advice and guidance whenever required.

Sincere thanks is also extended to Shri A. Marbaniang, ex-Director of this Directorate under whose overall guidance and leadership the Census was conducted.

My gratitude also goes to all the Deputy Commissioners, Block Development Officers /Charge Officers of the State Government/Defence Forces who had provided the much needed support for conducting the Sixth Economic Census. Without their support it would not be possible to carry out such a massive data collection exercise.

I also express my gratitude and thanks to all enumerators who were recruited locally for the field work and the supervisors who have worked hard with passion, zeal and utmost sincerity.

Last but not the least I would also express my sincere thanks and acknowledgement to the Officers and Staff working in the Economic Census Section of this Directorate who were involved at various stages of the Economic Census and assisted in preparing this Report. Without their hard work and dedication, this Report would not have seen the light of day.

SHILLONG

THE JUNE, 2016.

**(D.L. WANKHAR, I.E.S)
DIRECTOR**

OFFICERS AND STAFF ASSOCIATED WITH SIXTH ECONOMIC CENSUS, 2013.

PART - II LIST OF TABLES

PART - I

CHAPTER ONE

Introduction

Economic Census (EC) is the complete enumeration of entrepreneurial activities operating within the geographical boundaries of the State/ Country at a given point of time and to come out with the official count of enterprises and their characteristics. The subject of coverage under the Sixth Economic Census briefly includes all types of economic activities of agricultural (excluding crop production and plantation) and non- agricultural sectors of the economy engaged in the production and /or distribution of goods and services not solely for the purpose of own consumption.

In the organised sector, data on registered Factories, Mines, Railways, Civil Aviation, State Transport Undertaking, Hospitals, Banks, Registered Educational Institutions, etc are being collected on regular basis but there exist data gaps in the un-organised sector like trade, construction, other unregistered and un-organised segments of other sectors. To bridge this data gap, the Central Statistical Office, Government of India had conducted five Economic Censuses in the past with the First Census carried out in the year 1977 and the Sixth in 2013. The Economic Census is carried out by the Ministry of Statistics and Programme Implementation, Central Statistical Office, Government of India under the Central Sector Scheme and implemented through the States'/ UTs' Directorate of Economics and Statistics.

First Economic Census (1977)

The first Economic Census was conducted in 1977. In this Census, the scope and coverage were limited to non-agricultural sectors and establishments only, employing at least one hired worker on a fairly regular basis. Data on items such as description of activity, number of persons usually working, types of ownership etc were collected.

Second Economic Census (1980)

The second Economic Census in 1980 was conducted along with the house listing operations of 1981 Census Operation. In the 1980 Economic Census, Own Account Enterprises were covered for the first time. In this Census, enterprises engaged in economic activity in the un-organised non- agricultural and agricultural sectors (excluding those engaged in crop production and plantation) were covered.

Third Economic Census (1990)

The third Economic Census 1990 was also synchronised with the house listing operations of the Population Census 1991 on the same pattern as of Economic Census 1980. Coverage was also similar to that of Economic Census 1980.

Fourth Economic Census (1998)

The fourth Economic Census 1998 is an independent census carried out by the Central Statistical Office, Government of India in collaboration with the States' Directorate of Economics and Statistics/Bureaus as well as the Union Territories. The previous Economic Censuses i.e. of 1980 and 1990 were dovetailed by population census along with their house listing operations.

Fifth Economic Census (2005)

The fifth Economic Census was conducted both in rural and urban areas of the States. In urban areas, the urban frame blocks of the National Sample Survey Organisation are used as primary geographical entity, while in the rural areas, the census villages were taken as the primary units.

Sixth Economic Census (2013)

Since the small units especially in the un-organised sectors covered under Economic Census usually change their location and existence etc., the Census is required to be conducted at different intervals in order to continue the process of bridging the data gap and update the entrepreneurial structure. The Sixth Economic Census provided up-to-date information on the number of establishments and number of persons employed therein, activity-wise of all the sectors (excluding crop production, plantation, public administration, defence and compulsory social security) of the Country including their distribution at all-India, State, District and at village/ward levels for comprehensive analysis of the structure of the economy.

The Sixth Economic Census was conducted during the months from June to October, 2013 in the State of Meghalaya. Overall guidance at all-India level was provided by the Economic Census unit of the Economic Statistics Division, Central Statistics Office (CSO), Ministry of Statistics and Programme Implementation, Government of India.

Steering Committees

For the smooth conduct of the Sixth Economic Census in the State, the State Level Steering Committee at the State and the District Level Steering Committee at the District level were constituted. The basic objective for constituting the Steering Committees was to get the logistic support from all the concerned Departments for the smooth conduct of the field work of the Sixth Economic Census.

Steering Committee at the District Level:

- | | |
|--|--|
| 1. Chairman/Ex-Officio
Chief Economic Census Commissioner | Chief Secretary |
| 2. Ex-Officio Additional Census Commissioner | Principal Secretary, Planning Department |
| 3. Member Secretary | Director of Economics & Statistics |

Members:

1. Deputy Director General NSSO(FOD),Shillong
2. Deputy Director General, (EC)CSO,MoS&PI,
3. Principal Secretary, C & RD Department
4. Principal Secretary, Agriculture Department
5. Principal Secretary, Information & Public Relations Department
6. Principal Secretary, Printing & Stationery
7. Principal Secretary, Education Department
8. Principal Secretary, Labour Department
9. Principal Secretary, Industries Department

Steering Committee at the District Level:

- | | |
|--|-------------------------------------|
| 1. Chairman /Ex-Officio
District Economic Census Commissioner | Deputy Commissioner of the District |
| 2. Member Secretary | District Statistical Officer |

Members:

1. District Agricultural Officer
2. District Horticulture Officer
3. General Manager, District Industries Centre
4. District Employment Officer
5. Inspector of Schools
6. All Block Development Officers of the District

Scope and Coverage

The Sixth Economic Census was conducted in all the States/UTs of the country. The practice followed since the second Economic Census to cover all agricultural activities excluding crop production and plantation continued in the Sixth Economic Census. In case of non-agricultural activities, establishments engaged in public administration, defence and compulsory social security activities were excluded during Sixth Economic Census.

Changes made in the Schedules

In Sixth Economic Census, two Schedules were canvassed viz (i) House and Establishment Listing Schedule (6A)(Annexure-I) and (ii)Directory of Establishment Schedule (6C)(Annexure III) in place of three schedules canvassed during Fifth Economic Census. The third Schedule "Establishment Abstract" (Schedule 6B)(Annexure II)was a derived Schedule of the summary information based on the information contained in the House and Establishment Listing Schedule, which was required to be prepared by each enumerator. This summary information was used to generate provisional results.

Other miscellaneous changes

- (i) Enumeration Blocks (EBS) of Population Census 2011 were used as primary geographical units for both rural and urban areas for the purpose of listing of establishments. In most of the earlier ECs, UFS (Urban Frame Survey) Blocks of NSSO were taken as primary geographical units for urban areas.
- (ii) Abridged House List (AHL) and Layout Maps (LMs) of Census 2011 were procured from the Office of RGI/Director of Census Operations of the State and provided to the enumerators to facilitate proper coverage.
- (iii) Minimum qualification for enumerators and supervisors were prescribed for the first time.

The minimum qualifications were as under:-

Qualification for the Enumerators: Higher Secondary

Qualification for the Supervisors: Graduation

Trainings

For the smooth conduct of the Sixth Economic Census, a Regional Training for Trainers for the North-Eastern States was held at Agartala on the 8th and 9th of April, 2013 in which the Officers from the Directorate of Economics & Statistics, Meghalaya also attended.

A two-day State level programme for the Officers and Staff of the Directorate of Economics and Statistics, Meghalaya was organised on the 7th and 8th of May, 2013 where Shri R.M. Mishra, IAS, Principal Secretary, Planning Department, Government of Meghalaya was present as the Chief Guest and Shri B.K. Giri, DDG of CSO (IS Wing), Kolkatta was the resource person. Shri M. Saikia, Member, Crafts Council of Assam also gave a presentation on Handicraft and Handloom establishments which is one of the new features added in the 6A Schedule for which information was collected during the Sixth Economic Census. Field level training was organised at 5th mile, Upper Shillong to canvass the Schedules of the Sixth Economic Census. At each District, a District Level Training was organized in which Master Trainers from the Directorate's Headquarter had imparted training to the Enumerators and Supervisors at the District levels.

Separate trainings were also organized at all the District Headquarters for the enumerators and supervisors of urban areas of the State.

Trainings were also organised at all the C& RD Block Headquarters of the State. Dr. Bivas Chaudhuri, Director and HOD, CSO (Industrial Wing) was the resource person for the Block level Training at Myllem C& RD Block on the 17th and 18th of May, 2013. Shri M.L.S. Marwein, Deputy Director who was one of the State Master Trainers assisted in imparting the training.

Publicity

In order to create a general awareness on the importance of the Census, a 60 second video and audio clippings was prepared by the CSO, Ministry of Statistics & Programme Implementation. Awareness campaign by the Directorate of Economics and Statistics was carried out through the Directorate of Public Relations, Meghalaya and through the Meghalaya Integrated Information System (MIIS), advertisements in leading local newspapers, audio clips in both the local languages and English through radio FM station, Shillong. The local Headmen and Nokmas were requested to publicise through their Public Announcement System so as to create wide publicity of the work under the Economic Census and also to provide logistic support to the enumerators and supervisors which was crucial for the successful implementation of field work. Besides these, pamphlets in English and local languages were distributed requesting the general public to extend their support and co-operation to the enumerators and supervisors.

Limitations of the Sixth Economic Census

The limitations of data generated under the 6th Economic Census are discussed below keeping in view the interest of users of this data.

The method of collection of data under Economic Census is not record /document based information but only oral information provided by the informants. In this method the chances of under reporting of employment, unintended accuracy, recall lapse and casual approach on the part of the informants is likely to occur to some extent.

Majority of the enumerators deployed for collection of information / data under the Sixth Economic Census were unemployed youths/students who were totally new to such types of work.

Although certain improvements were made in the schedule to guard against under-listing of establishments (particularly the home- based units or those operating without fixed structures), data as per sixth Economic census may be subject to some amount of coverage error on account of such under- listing, which is difficult to eliminate totally in a massive census operation.

The AHLs and layout maps of the Census 2011 were used as the frame for the conduct of the 6th EC. However, in some Enumeration Blocks where there were high concentration of establishments, the Lay out maps and the Abridge House Lists of the Census 2011 were not available. This Directorate has made concerted efforts to see that all the establishments in such Enumeration Blocks got enumerated in the Sixth Economic Census.

CHAPTER TWO

Concepts and definitions of important terms

Concepts and definitions of some of the important terms used in the Sixth Economic Census are given below:

Establishment

The establishment is a unit or an economic entity situated in a single location in which predominantly one kind of economic activity is carried out such that at least a part of the goods and/or services produced by the unit goes for sale (i.e. entire produce is not for sole consumption). The activity may be carried out within fixed premises/permanent structure or without having any permanent structure.

Agricultural Establishment

An agricultural establishment for the purpose of Economic Census is the one which is engaged in production of agricultural goods (other than crop production & plantation by the farmer or a group of farmer or any agency), agricultural services, hunting, trapping & game propagation, where at least some part of the production or services is sold out. Establishments engaged in activities pertaining to crop production and plantations though in the agricultural sector are excluded from the coverage. Thus, primarily cultivators themselves are excluded from the coverage of Sixth Economic Census. However, services incidental to crop production or plantation provided/undertaken by anyone individual or a firm or a company by charging fee or rent/compensation e.g. machinery and equipment for tilling/cultivation, preparation of field or sowing harvesting/chaffing, transportation of agriculture goods/produce, charging for irrigation facilities etc. as their principal activity were included and the establishments engaged in such activities were enumerated.

Agricultural Broad Activities:

- i) Agriculture Activities (except crop production and plantation)
- ii) Livestock
- iii) Forestry and Logging
- iv) Fishing and Aqua Culture

Non-Agricultural Establishment

Establishments engaged in activities other than agricultural activities as defined above are termed as non-agricultural establishments.

Non-Agricultural Broad Activities:

- (i) Mining and Quarrying
- (ii) Manufacturing
- (iii) Electricity, Gas, Steam Air Conditioning Supply & Water Supply

- (iv) Sewerage, Waste Management & Remediation Activities
- (v) Construction
- (vi) Wholesale trade, Retail Trade & Repair of Motor Vehicles & Motor Cycles
- (vii) Wholesale trade (not covered in item 6 above)
- (viii) Retail Trade (not covered in item 6 above)
- (ix) Transportation and Storage
- (x) Accommodation and Food Service Activities
- (xi) Information and Communication
- (xii) Financial and Insurance Activities
- (xiii) Real Estate Activities
- (xiv) Professional, Scientific & Technical Activities
- (xv) Administrative and Support Service Activities
- (xvi) Education
- (xvii) Human Health and Social Work Activities
- (xviii) Arts Entertainment, Sports and Amusement and Recreation
- (xix) Other Service Activities not elsewhere Classified

Household

A household is a group of persons usually living together and taking their meals from a common kitchen. It includes temporary stay-away (those whose total period of absence from household is expected to be less than six months) but excludes temporary visitors and guests (with expected total stay of less than 6 months). There may be a household of persons related by blood or a household of unrelated persons having a mix of both but satisfying above condition of a household. Examples of households having unrelated persons /members are boarding houses, messes, hostels, rescue houses, jails, ashrams, etc. These are called "Institutional Households". A group of persons, who are unrelated to each other, live in a census house but do not take their meals from a common kitchen would not constitute an institutional household.

Census House

A census house is a building or a part of a building having a separate main entrance from the road or common courtyard or staircase, etc., used or recognized as separate unit. It may be occupied or vacant. It may be used for residential, commercial or both purposes.

Enumeration Block

The ultimate area unit of enumeration in the Sixth Economic Census is Population Census (2011) Enumeration Block (EB).

Premises

Premise is a census house or part of a census house occupied by a unit/household. If the activity of an enterprise carried out by a unit /household extends beyond the boundaries of a single house to a group of contiguous houses and in rare cases a group of houses in close proximity, the entire group of houses is regarded as single premise.

Own Account Enterprises

The establishment operated by the household member only is termed as own account enterprise.

Handicraft/Handloom Activity

Handicraft describes a craft or occupation requiring skilled use of hands. Handicrafts are items made by hand often using simple tools. These items can be functional, artistic and/or traditional in nature.

Nature of Operation

If the entrepreneurial activity is carried on or likely to be carried on throughout the year more or less regularly, it is treated as perennial activity. If the activity of the establishment is confined to a particular season i.e., fixed months of a year, the same is called the seasonal activity. The economic activity of the establishment which is neither perennial nor seasonal is termed as casual.

Workers (Persons Employed)

All persons working in an establishment either as owners, members of the household working as co-owner or partner or helping the owner in running the establishment, whether hired or not, besides regular and salaries employees, casual/daily wage labourers are considered as workers for the establishment.

CHAPTER THREE

Results at a Glance

Out of the 5,84,95,359 total establishments, the State has a share of only 0.18% of the establishment and a share of only 0.22% of the total employment of 13,12,93,868 in the country.

All Establishments

The results of the Sixth Economic Census revealed that there were 1,05,556 establishments in the State engaged in different economic activities (other than crop production, plantation, public administration, defense and compulsory social security services). Out of these, 73,038 (69.2%) establishments were located in the rural areas and 32,518 (30.8%) establishments were located in the urban areas.

Table 3.1: Number of Establishments by Location and Type of Establishments

Sl.no.	Items	Rural		Urban		Combined
		Number	o/o Share	Number	o/o Share	Number
(1)	(2)	(3)	(4)	(5)	(6)	(7)
1	Number of Establishments					
i.	Agricultural	6609	89.97	737	10.03	7346
ii.	Non-Agricultural	66429	67.64	31781	32.36	98210
iii.	All Establishments	73038	69.19	32518	30.81	105556
2	Number of Own Account Establishments					
i.	Agricultural	4924	89.25	593	10.75	5517
ii.	Non-Agricultural	33103	65.60	17361	34.40	50464
iii.	All Establishments	38027	67.93	17954	32.07	55981
3	Number of Establishments with at least one Hired Workers					
i.	Agricultural	1685	92.13	144	7.87	1829
ii.	Non-Agricultural	33326	69.80	14420	30.20	47746
iii.	All Establishments	35011	70.62	14564	29.38	49575

Note: Percentage share indicates the share between rural and urban areas.

There were 7,346 (6.96%) establishments which were engaged in agricultural activities and 98,210 (93.04%) establishments engaged in non-agricultural activities. Noteworthy here is the fact that, inter alia, the Sixth Economic Census also did not include information on establishment engaged in crop production and plantation.

In the rural areas, out of the total 73,038 establishments, there were 6,609 establishments (constituting around 9.05%) which were engaged in agricultural activities while a majority 66,429 (90.95%) establishments were engaged in non-agricultural activities.

In the agricultural sector, 89.97% of the establishments are located in the rural areas and 10.03% in the urban areas.

In the non-agricultural sector, there were 66,429 (67.64%) establishments located in the rural areas and 31,781 (32.36%) establishments in the urban areas.

Establishments on the basis on employment

Establishments can be classified into two broad categories on the basis of the nature of employment viz; own account establishments (OAEs) which operated without hired workers and establishments which operated with at least one hired worker. Out of the total establishments, 55,981 (53.03%) were OAEs, and 49,575 (46.97%) were establishments with at least one hired worker. There were 38,027 OAEs and 35,011 establishments with at least one hired worker in the rural areas, while in the urban areas, there were 17,954 OAEs and 14,564 establishments with at least one hired worker.

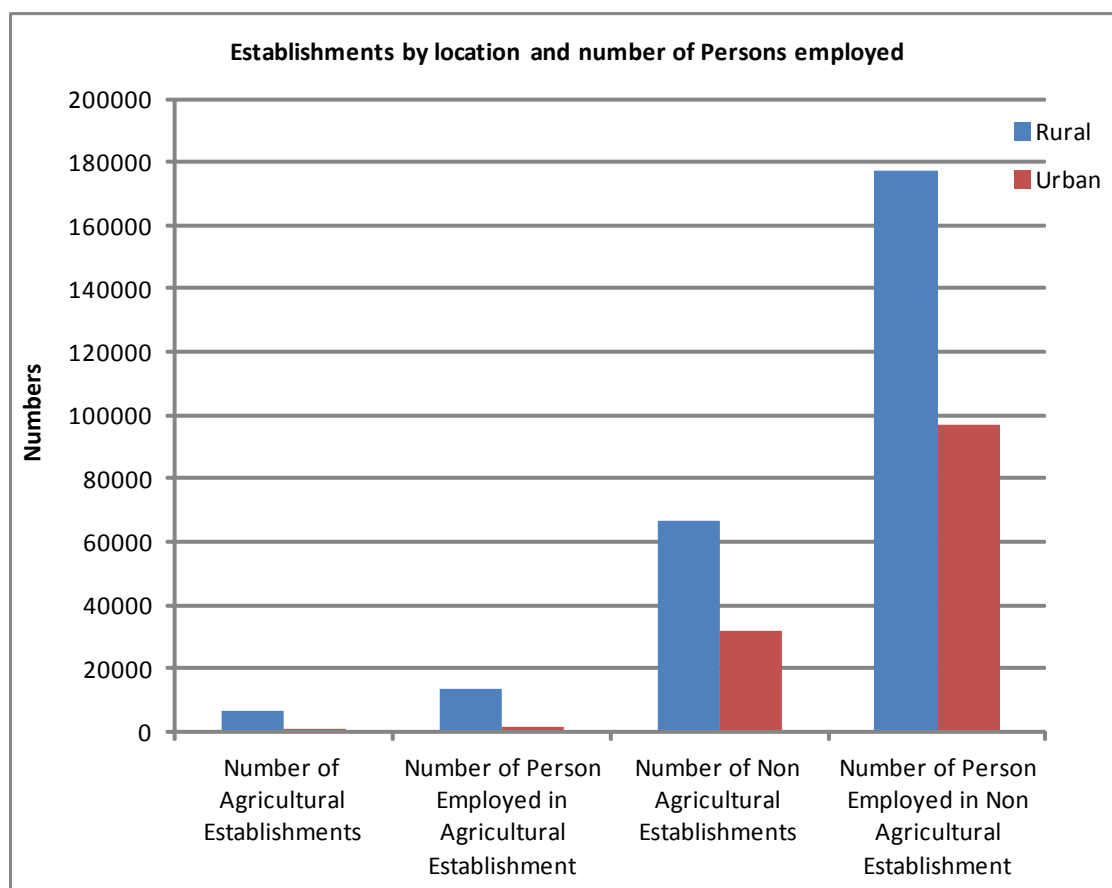

Location wise details of the employment in different types of establishments are presented in Table 3.2.

Table 3.2: Number of Persons employed by Location and Type of Establishments

Sl.no.	Items	Rural		Urban		Combined Number
		Number	o/o Share	Number	o/o Share	
(1)	(2)	(3)	(4)	(5)	(6)	(7)
1	Establishments					
i.	Agricultural	13374 7	89.54	1563 1.59	10.46	14937 5.16
ii.	Non- Agricultural	177597 93	64.70	96897 98.41	35.30	274494 94.84
iii.	Total	190971 100.00	65.98	98460 100.00	34.02	289431 100.00
2	Own Account Establishments					
i.	Agricultural	7047 13.23	87.00	1053 4.51	13.00	8100 10.57
ii.	Non- Agricultural	46226 86.77	67.47	22287 95.49	32.53	68513 89.43
iii.	Total	53273 100.00	69.54	23340 100.00	30.46	76613 100.00
3	Establishments with at least one hired					
i.	Agricultural	6327 4.59	92.54	510 0.68	7.46	6837 3.21
ii.	Non- Agricultural	131371 95.41	63.78	74610 99.32	36.22	205981 96.79
iii.	Total	137698 100.00	64.70	75120 100.00	35.30	212818 100.00

Note: Figures in italic show the percentage of establishments to total establishments in the respective areas. The percentage share in columns (4) & (6) are the percentage share between rural and urban.

From the above Table, it was observed that the total number of persons employed in all establishments were 2,89,431 workers, out of which 14,937 (5.16%) were engaged in agricultural activities and 2,74,494 (94.84%) were engaged in non-agricultural activities. Out of the total employment, 1,90,971 (65.98%) persons were employed in the establishments located in the rural areas while the rest 98,460 (34.02%) were employed in establishments located in the urban areas. Further, out of the total employment, 76,613 (26.47%) were engaged in OAEs and 2,12,818 (73.53%) in establishments with at least one hired worker.

Establishments by major Activity Groups

Activities engaged by various establishments were grouped into 23 (twenty three) major activity groups (four activity groups were classified under agricultural activities and nineteen activity groups were classified as non- agricultural activities).

Among the agricultural establishments, those which are engaged in livestock activities dominated with the total share of 72.96% (5,360 in numbers). Further, out of the 5,360 establishments about 88.40% of the total establishments involved in livestock activities were located in the rural areas.

Activity-wise distribution of non-agricultural establishments which were grouped into 19 major activity groups, by type of establishments and sectors are presented in Table 3.3 revealed that “Retail Trade,” “Education,” and “Accommodation and Food Service Activities” were the three most important activity groups in terms of number of establishments in the non-agricultural sector. These three activity groups together shared

about 60.03% of the total establishments. Again, “Retail Trade” alone, with a share of 37.89% with a total of 39,999 establishments dominated all other activity groups. This was followed by “Education” with a share of 11.11%, and “Accommodation and Food Service Activities” with a share of 11.03%.

Of the total ‘own account’ agricultural and non-agricultural establishments numbering 55981 establishments, about 67.93% establishments were located in the rural areas and 32.07% in urban areas.

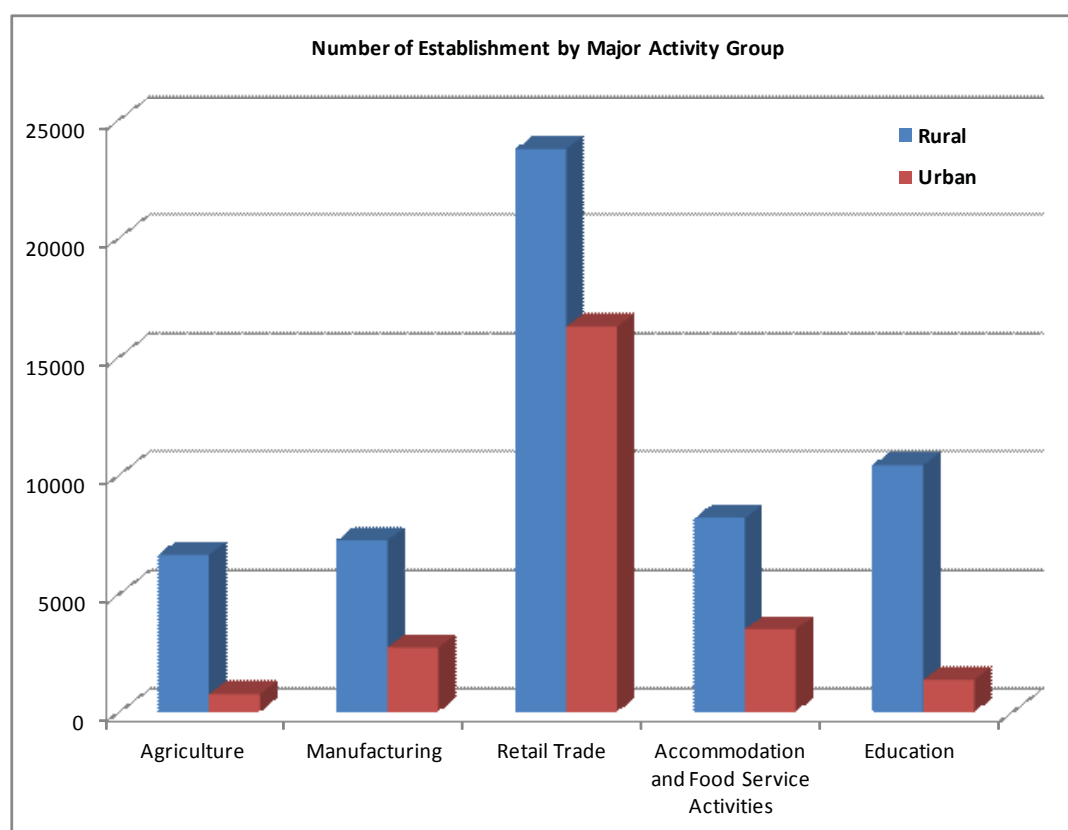

Among the establishments ‘with at least one hired worker’, the “Education” sector had the highest share with 22.59% followed by “Retail Trade” with 22.26% and “Accommodation and Food Service Activities” with 13.29% share.

Table 3.3: Total Number of Establishments by Major Activity Group

Sl. no.	Major Activity Group	Rural			Urban			Combined		
		Establishments without Hired workers	Establishments with Hired workers	Total	Establishments without Hired workers	Establishments with Hired workers	Total	Establishments without Hired workers	Establishments with Hired workers	Total

Employment in establishments by major activity groups

The distribution of employment in agricultural and non-agricultural establishments by major activity groups is presented in Table 3.4 below.

Among the establishments engaged in the agricultural activities, the maximum number of employment were found in “Livestock” sector with 10,736 workers constituting 71.87% of the total employment in the establishments in the agricultural sector.

In the non-agricultural sector, the maximum numbers of workers were employed in “Retail Trade” with 69,015 (25.14%) workers, followed by “Education” with 54,799 workers (19.96%) and “Manufacturing with 34,573 workers (12.59%). These three activities together accounted for 57.70% of the total employment in the establishments under the non-agricultural sector. Other sectors like “Accommodation and Food Service Activities”, “Human Health and Social work Activities” and “other service activities not elsewhere classified” employed 33,291, 12,984 and 12,583 persons respectively.

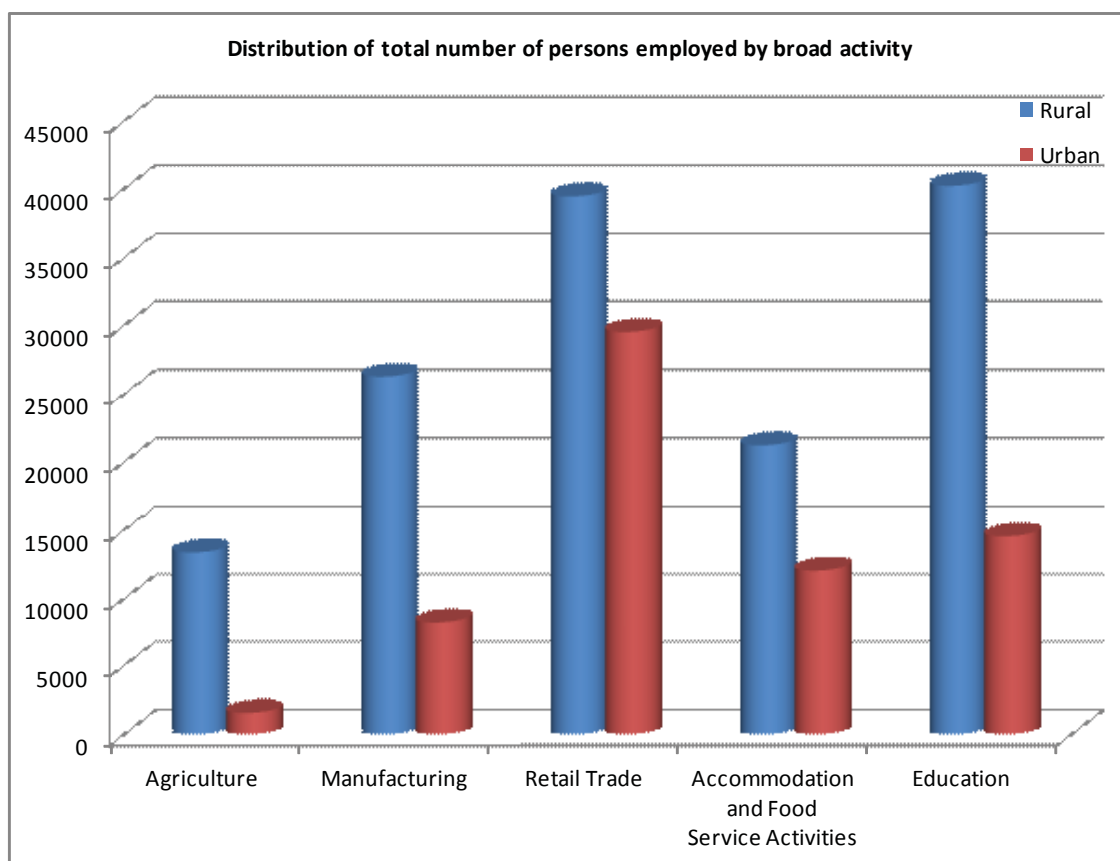

Amongst the ‘own account’ establishments, the total employment in the non-agricultural activities was dominated by “Retail Trade” with 37,213 (54.31%) employed persons. In case of establishments with at least one hired worker, “Education” sector provides the maximum employment with 53,969 workers (26.20%).

Selected characteristics of Establishments

The details of selected characteristics of establishments by sector are given at Table 3.5. It is observed that out of the total 1,05,556 establishments in the State, 4,917 establishments (4.66%) were under private Non-Profit Institutions, 84,012 establishments (79.59%) under private proprietorship, 111 establishments (0.1%) were under private Co-operative, 5,459 establishments (5.17%) under private others, 11,057 establishments (10.47%) under Government and PSUs ownership. This indicated that majority of the establishments in the State were under private proprietorship.

(c) Other Backward Classes	1469	994	2463
(d) Others	8963	8039	17002

The establishments under “Private Proprietorship” were distributed in rural and urban areas in the proportion of 64.79% and 35.21%.

It was observed that 99,320 (94.09%) establishments are perennial in nature and out of this, 67,559 (64.00%) were establishments located in the rural areas and the remaining establishments were located in the urban areas.

A total number of 18,038 establishments, which comprised 17.09% of the total establishments, operated without fixed structure. The distributions of these establishments in the rural and urban areas were 77.21% and 22.79% respectively. Again, Table 3.5 revealed that the total number of establishments operating outside household with fixed structure accounted for 68.77% and number of establishments operating inside household accounted for 14.14% of the total establishments.

Out of the total number of 84,012 of establishments under “Private Proprietorship,” 71.78% were owned by Scheduled Tribes, and 5.05% belonged to the Scheduled Castes, while Other Backward Classes (OBCs) and other social groups owned 2.93% and 20.24% establishments respectively.

Major source of finance for the establishments

Table 3.6 shows that self-financing is the major source of finance for the establishments engaged in both agricultural and non-agricultural activities. “Self-Finance” was being resorted to by 79,994 (75.78%) establishments and “Financial assistance from the Government sources” with 14,566 (13.80%) establishments, accounting as the two major sources of finance for both agricultural and non-agricultural establishments.

For establishments engaged in the agricultural activities, self-financing accounted for 91.86% while ‘donations / transfers from other agencies’ accounted for 4.76% and ‘financial assistance from Government sources’ accounted for 2.63%. Thus, these three sources accounted for 99.25% of financial assistance for establishments engaged in the agricultural activities.

For establishments engaged in the non- agricultural activities, self-financing accounted for 74.58% while ‘financial assistance from Government sources’ accounted for 14.63% and ‘donations / transfers from other agencies’ accounted for 8.76%. Thus, these three sources accounted for 97.97% of financial assistance for establishments engaged in the non-agricultural activities.

District-wise Number of Establishments and Employment

Establishments:

Table 3.7 shows the District-wise total number of establishments. It revealed that the East Khasi Hills District accounted for the highest number of establishments with 33.33% share (35,187 numbers), followed by West Garo Hills District with 18.51% (19,537 numbers), Jaintia Hills District with 12.67% (13,376 numbers), Ri-Bhoi District with 11.68% (12,331 numbers), West Khasi Hills District with 10.22% (10,787 numbers), the East Garo Hills District and South Garo Hills District with 8.62% (9,097 numbers) and 4.97% (5,241 number).

As far as the number of establishments in the rural area are concerned, the West Garo Hills District has the maximum number of establishments at 21.83% share (15,947 numbers), followed by the East Khasi Hills District at 19.79% (14,455 number), the Jaintia Hills District at 16.37% (11,956 numbers), the Ri- Bhoi District at 15.61% (11,401 numbers), the West Khasi Hills District at 11.64% (8,500 numbers), the East Garo Hills District at 8.84% (6,453 numbers) and the South Garo Hills District has the least number of rural establishments at 5.92% (4,326 numbers).

In the urban areas of the State, the East Khasi Hills District has the maximum number of establishments at 20,732, constituting about 63.75% of the total urban establishments. The West Garo Hills District with 11.04% (3,590 establishments) occupies the second spot. The other five Districts i.e. the East Garo Hills District, the South Garo Hills District, the West Khasi Hills District, the Ri Bhoi District and the Jaintia Hills District constituted only 25.20% (8196 establishments) of the total establishments located in the urban areas.

Table 3.7: District-wise of establishments and persons usually working

	Meghalaya	73038	32518	105556	190971	98460	289431	2.7

Employment:

From Table 3.7, it was observed that establishments located in the East Khasi Hills Districts provided the highest number of employment with 97,746 persons which accounted for 33.77% of the total employment in the State. Establishments located in the West Garo Hills District, the Jaintia Hills District and the Ri-Bhoi District employed 48,822 (16.87%) persons, 43,027 (14.87%) persons and 33,373 (11.53%) persons respectively. Establishments located in the South Garo Hills District have the lowest employment with 14,955 (5.17%) persons. Establishments located in the Jaintia Hills District have the highest average number of workers per establishment with 3.2 persons.

With regard to the number of persons employed in establishments located in the rural areas, it was observed that the establishments located in the West Garo Hills District provided maximum employment at 38,749 persons (20.29%), followed by those located in the Jaintia Hills Districts at 38,692 persons (20.26%), East Khasi Hills Districts with 32,975 persons (17.27%), Ri-Bhoi District with 30,687 persons (16.07%), West Khasi Hills District with 19,865 persons (10.40%), East Garo Hills District with 17,452 persons (9.14%) and the lowest number of workers are employed in establishments located in the South Garo Hills District with 12,551 persons (6.57%).

In respect of the number of persons employed in establishments located in the urban areas, the East Khasi Hills District with 64,771 persons (65.78%) has the highest employment followed by the West Garo Hills District with 10,073 persons (10.23%), the East Garo Hills District with 7,574 persons (7.69%), the West Khasi Hills District with 6,617 persons (6.72%), the Jaintia Hills District with 4,335 persons (4.40%), the Ri-Bhoi District with 2,686 persons (2.73%) and the South Garo Hills District accounted the lowest with 2,404 persons (2.44%).

District wise total number of establishments for all broad activity by sector and type of establishment

Agricultural sector:

It was observed from Table 3.8 that out of the total number of agricultural establishments of 7,346, the establishments located in the East Khasi Hills District accounted for 2,226 establishments (30.30%) followed by the Ri-Bhoi District with 2,113 establishments (28.76%) and the Jaintia Hills District with 1,230 establishments (16.74%).

Out of the total 'Own Account Agricultural' (OAA) establishments of 5,517, the establishments located in the East Khasi District accounted for 1,850 (33.53%) establishments followed by the Ri-Bhoi District with 1,498 (27.15%) establishments. The South Garo Hills District had the lowest share of agricultural own account establishments with 97 (1.76%) establishments

In the case of agricultural establishments with hired workers, the establishments located in the Ri-Bhoi District accounted for 615 (33.62%) establishments followed by the Jaintia Hills District with 395 (21.60%) establishments and the East Khasi Hills District with 376 (20.56%) establishments.

Table 3.8: District wise total number of establishments for all broad activity by sector and type of establishment

District	Number of establishments Sector

Total	5517	1829	7346	50464	47746	98210

Note:-OAE: - Own Account Establishments (without hired workers).

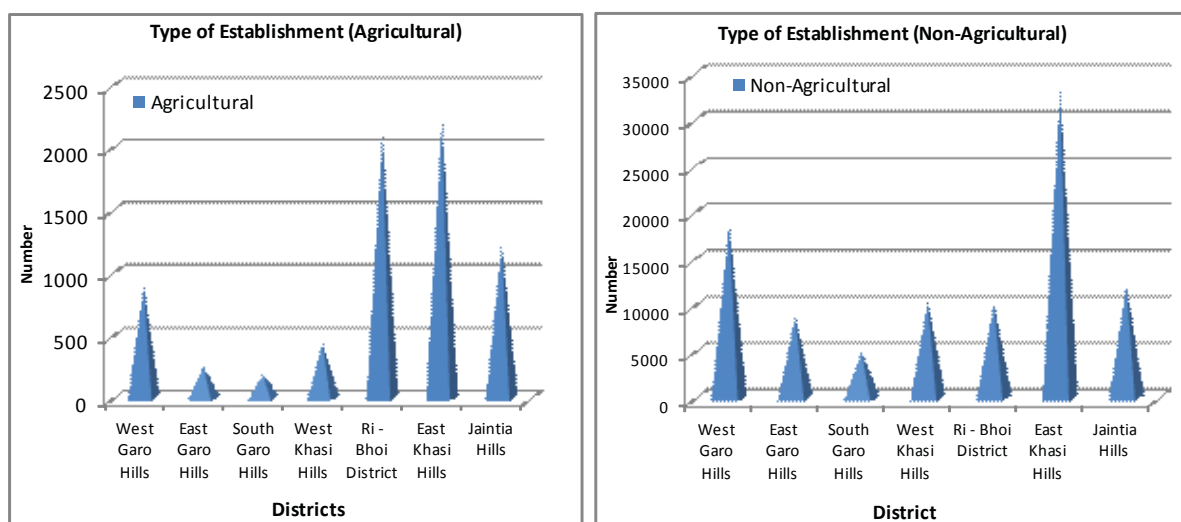

Non-agricultural sector:

In respect of non-agriculture establishments, the East Khasi Hills District accounted for 32,961 establishments (33.56%) followed by the West Garo Hills District with 18,643

establishments (18.98%). The South Garo Hills District accounted for the lowest number of non-agricultural establishments with 5,050 establishments (5.14%).

The number of Own Account Non-agricultural (OAN) establishments located in the East Khasi Hills District with 19,353 establishments (38.35%) was the highest followed by the West Garo Hills District with 8,976 establishments (17.79%), the Ri-Bhoi District with 6,204 establishments (12.29%), the Jaintia Hills District with 5,510 establishments (10.92%). The other three remaining Districts together accounted for a total of 10,421 (20.65%) Own Account Non-agricultural establishments.

The number of establishments with hired workers located in the East Khasi Hills District with 13,608 establishments (28.50%) was the highest followed by the West Garo Hills District with 9,667 establishments (20.25%), the Jaintia Hills District with 6,636 establishments (13.90%). The South Garo Hills District has the lowest number of establishments with hired workers at 2,853 establishments (5.97%).

District wise ratio of establishments to population and area

Table 3.9 below revealed that the average number of establishments per 1000 population was 33.84 establishments in the State. In the Ri-Bhoi District, it averaged at 44.91 establishments, followed by the East Khasi Hills District with 40.75 establishments, while the West Khasi Hills District recorded the lowest average number at 26.71 establishments per 1,000 population. Overall, the three Districts of the State namely the South Garo Hills District, the Ri Bhoi District and the East Khasi Hills District has the highest number of establishments per thousand population which is above the State average.

Table 3.9: District wise ratio of Establishments with population and Area

District	Estimated population 2013	Area (sq.km)	No. of Establishments	No. of Establishments per '000 Population	No. of Establishments per 10 sq.km.
(1)	(2)	(3)	(4)	(5)	(6)
West Garo Hills	671673	3677	19537	29.09	53.13
East Garo Hills	333416	2603	9097	27.28	34.95
South Garo Hills	152449	1887	5241	34.38	27.77
WestKhasi Hills	403825	5247	10787	26.71	20.56
Ri-Bhoi	274550	2448	12331	44.91	50.37
East Khasi Hills	863568	2748	35187	40.75	128.05
Jaintia Hills	417748	3819	13376	32.02	35.02
Meghalaya	3118791	22429	105556	33.84	47.06

Note: Estimated population is calculated

As observed from Table 3.9, the concentration of establishments per 10 sq. kms of area was 47.06 establishments for the State. The concentration was the highest in the East Khasi Hills District with 128.05 establishments followed by the West Garo Hills District with 53.13 establishments and Ri Bhoi District with 50.37 establishments. In the other four Districts of the State, the concentration of establishments per 10 sq. kms of area was 35.02 establishments in Jaintia Hills District, 34.95 establishments in the East Garo Hills District, 27.77 establishments in the South Garo Hills District and 20.56 establishments in the West Khasi Hills District.

Comparison of Results of Economic Censuses of 1980, 1990, 1998, 2005 and 2013

In the First Economic Census (1977) only establishments with hired worker were covered while in the Second (1980), Third (1990), Fourth (1998), Fifth (2005) and Sixth (2013) Economic Censuses, both own account establishments and establishments with hired worker were covered.

Hence the comparison of Economic Censuses results is confined to Second (1980), Third (1990), Fourth (1998), Fifth (2005) and Sixth (2013) Economic censuses.

Table No.3.10: Establishments and Employment by location

Location	Number Of Establishments					Number Of Employment				
	EC	EC	EC	EC	EC	EC	EC	EC	EC	EC
	1980	1990	1998	2005	2013	1980	1990	1998	2005	2013
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)	(11)
Rural	20839	32179	36352	55122	73038	49271	84586	97269	136245	190971
Urban	11531	17792	20145	28085	32518	59307	85390	87184	106097	98460
Combined	32370	49971	56497	83207	105556	108578	169976	184453	242342	289431

Location	Average annual Growth Rate Of Establishments				Average annual Growth Rate Of Employment			
	1980-90	1990-98	1998-2005	2005-2013	1980-90	1990-98	1998-2005	2005-2013
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)
Rural	5.44	1.62	7.38	4.06	7.17	1.87	5.72	5.02
Urban	5.43	1.65	5.63	1.97	4.4	0.26	3.1	-0.90
Combined	5.44	1.63	6.75	3.36	5.66	1.07	4.48	2.43

It is seen from Table 3.10 that there was an annual growth rate of 5.44% during 1980-90, 1.63% during 1990-98, 6.75% during 1998-2005 and 3.36% during 2005-13 in the number of establishments in the State. So far as the growth of employment is concerned, between the Second and Third Economic Censuses, the employment increased at an annual growth rate of 5.66%, 1.07% only during 1990-98 and rose to 4.48% during 1998-2005 and the annual growth rate was 2.43% during 2005-2013.

It is seen from Table 3.11 that there was a decline in the annual growth rate at (-)1.00% during 1980-90 and also a decline of (-)0.96% during 1990-98, while it increased by 8.78% during 1998-2005 and 14.73% during 2005-13 in the number of agricultural establishments in the State. In case of non-agricultural establishments, there was an annual growth rate of 5.98% during 1980-90, 1.76% during 1990-98, 6.68% during 1998-2005 and 2.88% during 2005-13 in the State

CHAPTER FOUR

Agricultural Sector

This chapter deals with the results of Sixth Economic Census pertaining to agricultural establishments. Agricultural establishments covered during Sixth Economic Census are activities relating to Agriculture (excluding crop production and plantation), Livestock, Forestry and Logging and Fishing and Aquaculture.

Establishments and Employment

Agricultural Establishments

Table 4.1: Agricultural Establishments and Employment Therein

(iii) Female	3642	90.76	371	9.24	4013

Note: Percentage share indicates the share between rural and urban areas

According to the Sixth Economic Census, out of the total number of 7,346 agricultural establishments, there are 5,517 establishments (75.10%) which were own account establishments while the rest 1,829 (24.90%) were establishments with at least one hired worker.

Of the total number of 14,937 persons employed, 8,100 (54.23%) persons were employed in own account establishments (OAE) and the remaining 6,837 (45.77%) persons were employed in establishments with at least one hired worker.

About 89.97% of the agricultural establishments are located in the rural areas while the rest 10.03% are located in the urban areas. Within the rural areas, about 74.50% of

the agricultural establishments are own account establishments while the rest 25.50% are agricultural establishments with at least one hired worker. In respect of employment, about 52.69% are employed in own account agricultural establishments while the rest 47.31% are employed in agricultural establishments with at least one hired worker.

On an average, there were 2.03 persons per establishments employed in the agricultural establishments.

There were 4,013 females employed in agricultural establishments which constituted about 26.87% of total employment in agricultural establishments. About 90.76% of the female workers in agricultural establishments were found to be working in establishments located in the rural areas and 9.24% in the urban areas.

Distribution of establishments by Broad Activity Classification

At the State level, livestock accounted for the majority of establishments under agricultural establishments with 5,360 (72.96%) establishments out of 7,346 agricultural establishments, employing about 10,736 (71.87%) persons. Thus, the average number of persons employed per establishment in Livestock was 2.79 persons. Out of the total 5,360 establishments in the Livestock sector, about 88.40% are located in the rural areas while the rest 11.60% are in the urban areas.

The other remaining agricultural activities namely, Activities relating to Agriculture other than Crop Production & Plantation, Forestry and Logging and Fishing and aquaculture together contributed only 27.04% of the total agricultural establishments and employing 4,201 persons accounting for 28.12% of the total number of persons working in agricultural establishments.

The distribution of establishments and employment in agricultural establishments are given in Tables 4.2 and 4.3.

Employment in Agricultural Establishments by Broad Activity Classification Sector-Wise

From the tables above, it was observed that under agricultural activities, 75.10% establishments were own account establishments (OAE) or establishments without hired worker and 24.90% were establishments with at least one hired worker.

Type of Ownership

Table 4.4 shows the distribution of agricultural establishments by their type of ownership (i.e. Government/ PSU and Private ownership comprising Proprietary, Partnership, Company, Self Help Groups, Co-operative, Non Profit Institutions and Others) by location together with employment therein.

It was observed that out of 7,346 total agricultural establishments, 6,903 (93.97%) agricultural establishments were under private proprietary ownership while the remaining 350 (4.76%) establishments were owned by private partnership, private company, self help groups, co-operative, non-profit institutions and others and 1.27% were owned by Government sectors. It also revealed that out of the 7,253 private sector establishments, 6,524 (89.95%) were establishments located in the rural areas and 729 (10.05%) in the urban areas.

Table 4.4: Distribution of Agricultural Establishments and Employment therein by type of ownership

Total	6609	737	7346	13374	1563	14937
	100	100	100	100	100	100

Note: Percentage share indicated in bold and italics are the share between each type of ownership of establishments.

Agricultural establishments under private sector employed 14,467 persons or 96.85% of the total employment in agricultural establishments. The share of employment in rural private sector agricultural establishments was 96.90% while in establishments located in the urban areas, the share was 96.42%. The share of Government /PSU in agricultural establishments was only 1.27% employing 3.15% of the total workers.

Selected Characteristics of Agricultural Establishments

Under Proprietary ownership:-

The sector-wise distribution of agricultural establishments under proprietary ownership with selected characteristics are presented in Table 4.5. The majority of the agricultural establishments under proprietary ownership i.e. 6,181 (89.54%) establishments were located in the rural areas employing about 11,225 (88.32%) workers whereas the remaining 722 (10.46%) agricultural establishments were located in the urban areas, employing about 1,485 (11.68%) workers.

Table 4.5: Establishments and Employment in Proprietary Agricultural Establishments by Sector and Social Group of the owner

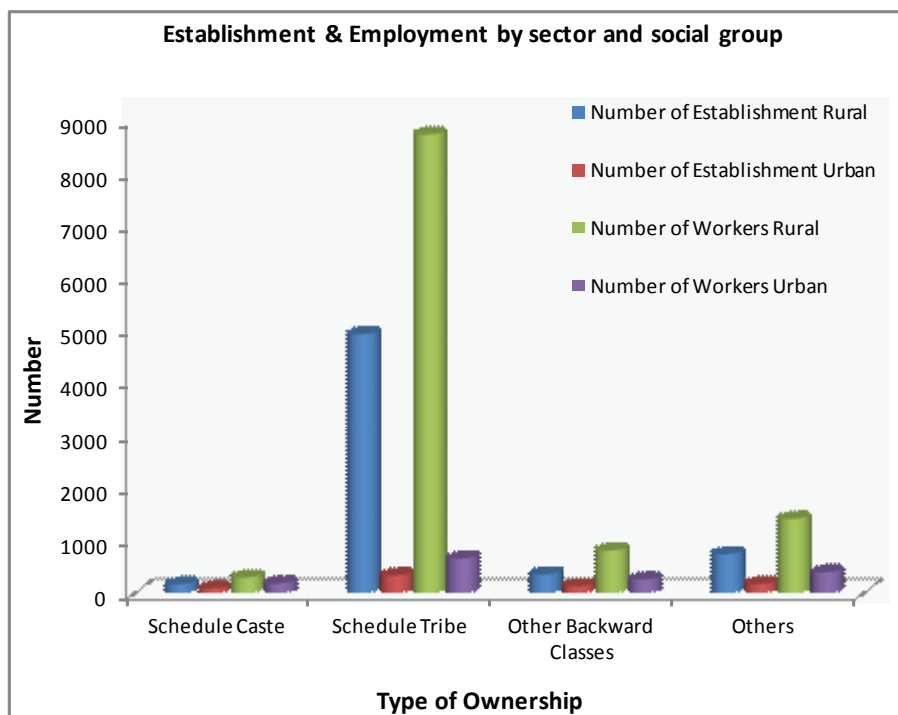

Type of Ownership	Number of Establishments			Number of Workers		
	Rural	Urban	Combined	Rural	Urban	Combined

	100.00	100.00	100.00	100.00	100.00	100.00

Note:- Figures in italic are percentage to all establishments/workers in their respective category.

The proportion of agricultural establishments owned by Scheduled Tribes to total agricultural establishments under proprietary ownership was 5258 (76.17%) numbers while establishments owned by Scheduled Castes, Other Backward Classes and Others constituted 3.72%, 7.00% and 13.11% respectively.

Further, the proportion of employment in agricultural establishments owned by Scheduled Tribes to total agricultural establishments under proprietary ownership was 73.75%, while establishments owned by Scheduled Castes, Other Backward Classes and Others accounted for 3.78%, 8.34% and 14.12% respectively.

The average employment in the agricultural establishments under proprietary ownership was 1.84 persons per establishment. This distribution was 1.82 in rural areas and 2.06 in urban areas persons per establishments.

Inter- District Comparison of Agricultural Establishments

District-wise distribution of agricultural establishments by type and Sector-wise are given in Table 4.6. The Table revealed that the East Khasi Hills District has the maximum number of agricultural establishments with 2,226 numbers, constituting 30.30% of the total agricultural establishments in the State. It was followed by the Ri-Bhoi District with 2,113 (28.76 %) establishments.

In rural areas, the maximum numbers of agricultural establishments were located in the Ri-Bhoi District with 2,088 (31.59%) establishments followed by the East Khasi Hills District with 1,659 (25.10%) establishments and the Jaintia Hills with 1,230 (18.61%) establishments came third. Whereas in the urban areas, the majority of agricultural establishments was concentrated mostly in East Khasi Hills District with 567 (76.93%) establishments while in the other 6 remaining Districts the contribution was only 170 (23.07%) numbers out of the total establishments.

The proportion of agricultural own account establishments to the total agricultural establishments was 75.10% and the balance 24.90% were agricultural establishments with at least one hired worker. The East Khasi Hills District with 1,850 Own account establishments accounted for 33.53% of the total Own account establishments while the South Garo Hills Districts with only 97 (1.76%) had the smallest number of Own account establishments. In respect of agricultural establishments with hired workers, the Ri Bhoi

District with 615 (33.62%) establishments occupied the first place followed by the Jaintia Hills District with 395 (21.60%) establishments and the East Khasi Hills District with 376 (20.56%) establishments.

As regards to the proportion of workers in agricultural own account establishments to the total workers in agricultural establishments it was 54.22% and the balance 45.77% were agricultural establishments with at least one hired worker. It also revealed that the Ri-Bhoi District leads in providing employment in agricultural establishments employing 4,446 workers, constituting about 29.77% of the total employment in agricultural establishments, followed by the East Khasi Hills Districts with 3,959 (26.50%), the Jaintia Hills Districts with 2,355 (15.77%), the West Garo Hills Districts with 1,960 (13.12%) and the 3 remaining Districts with 2,217 (14.84%).

For employment in agricultural Own account establishments, the maximum share of employment was provided by the establishments located in the East Khasi Hills District with 2,829 (34.93%) persons, followed by those located in the Ri-Bhoi District with 2,260 (27.90%) persons, the Jaintia Hills Districts with 1,162 (14.34%) persons and those in the West Garo Hills Districts with 1,023 (12.63%) persons, while the employment in the remaining three Districts were 826 (10.20%) persons.

Of the 6,837 persons working in agriculture Establishments with at least one hired worker, 6,327 (92.54%) workers were in those establishments located in the rural areas and only 510 (7.46%) were in those establishments located in the urban areas.

Nature of Operation

The distribution of establishments and employment in agricultural establishments by nature of operation in the State is given in Table 4.7. Agricultural establishments of perennial in nature accounted for 6,486 (88.29%) of the total agricultural establishments, and 12,928 (86.55%) persons working, with an average employment of 2.03 persons per establishment. There were 5,775 numbers of rural agricultural establishments of perennial in nature accounting for 87.38% of the rural agricultural establishments and employed 11,409 (85.31%) workers of the total rural agricultural establishments. While in urban areas this figure was 711 (96.47%) numbers of agricultural establishments of perennial in nature and employing 1,519 (97.19%) workers of the total urban agricultural establishments.

The results indicated that only 860 (11.71%) numbers of the agricultural establishments in the State were non-perennial in nature (i.e., seasonal and casual nature of agricultural establishments) employing about 2,009 (13.45%) of the total workers in the agricultural establishments.

Note: - Figures in italic are percentage of establishments to all establishments in their respective category.

Premises Status

It was observed that 4,390 (59.76%) numbers of the agricultural establishments operated from outside household with fixed structure. Out of these, 4,215 establishments constituting 96.01% were located in the rural areas and the rest 175 (3.99%) in the urban areas.

About 2,055 (27.97%) agricultural establishments operated from outside household without fixed structure, with a concentration of 1,939 (94.36%) establishments in the rural areas.

About 901 (12.27%) agricultural establishments in the State operated from inside household with fixed structure.

District- wise distribution of agricultural establishments by Broad Activity

Table 4.9 shows the District-wise distribution of agricultural establishments by broad activity. It revealed that the East Khasi Hills District has the maximum agricultural establishments with 2,226 units constituting 30.30% of all agricultural establishments in the State, it was followed by the Ri-Bhoi District with 2,113 (28.76%) establishments.

Majority of agricultural establishments were engaged in Livestock with the East Khasi Hills District leading with 2,108 (39.32%) establishments followed by the Ri Bhoi District with 1,565 (29.20%) units.

Amongst the broad activities constituting the agricultural establishments, the Jaintia Hills District with 233 (56.83%) of total establishments engaged in Activities relating to Agriculture other than crop production and plantation was at the top while the six remaining Districts with 177 establishments constituted only 43.17%.

Table 4.9: District- wise distribution of Agricultural Establishments by Broad Activity Groups

District	Activities relating to Agriculture other than crop production and	Livestock	Forestry and logging	Fishing and Aqua	Total
West Garo Hills	30	220	472	172	894
East Garo Hills	1	87	89	78	255
South Garo Hills	10	123	38	20	191
West Khasi Hills	26	273	117	21	437

East Khasi Hills	49	2108	24	45	2226
Jaintia Hills	233	984	2	11	1230
Meghalaya	410	5360	1032	544	7346

Out of the total 1,032 establishments engaged in Forestry and Logging activities, the West Garo Hills District was leading with 472 (45.74%) establishments, followed by the Ri-Bhoi District with 290 (28.10%), while the remaining five Districts has 270 (26.16%) establishments.

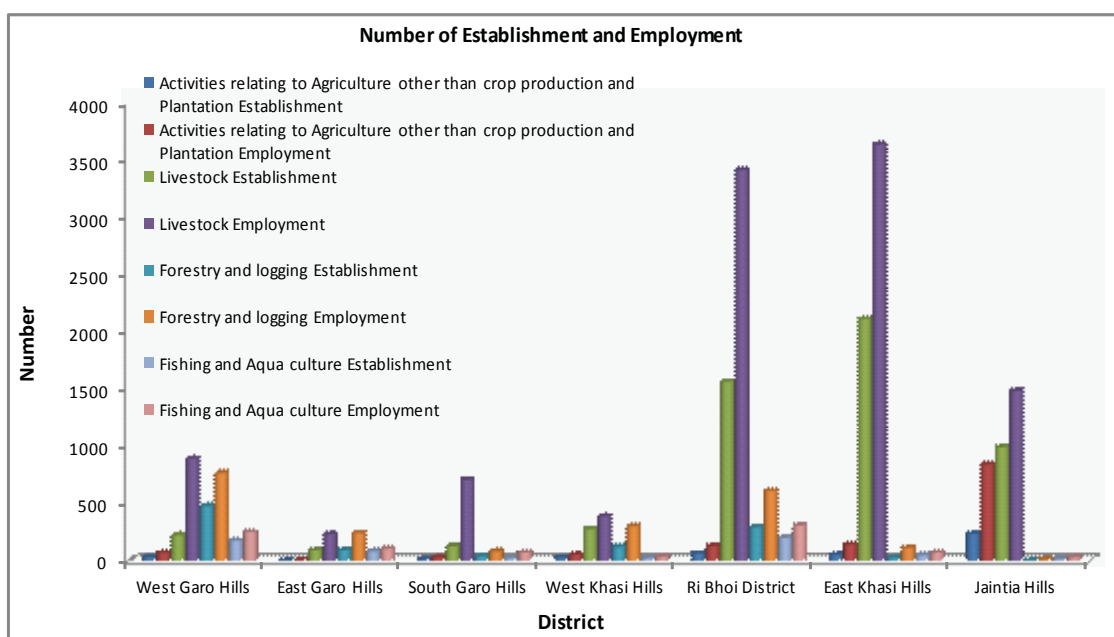

A total of about 544 establishments were engaged in Fishing and Aquaculture activities with the Ri-Bhoi District having the largest share at 197 (36.21%) establishments, followed by the West Garo Hills District with 172 (31.62%) establishments while the remaining five Districts has 175 (32.17%) establishments.

Table 4.10: District- wise distribution of Employment in Agricultural Establishment by Broad Activity Groups

District	Activities relating to Agriculture other than crop production and Plantation	Livestock	Forestry and logging	Fishing and Aqua culture	Total
West Garo Hills	66	886	760	248	1960
East Garo Hills	3	229	239	103	574
South Garo Hills	28	702	79	70	879
West Khasi Hills	50	385	297	32	764
RiBhoi District	126	3410	606	304	4446
East Khasi Hills	139	3642	110	68	3959
Jaintia Hills	835	1482	10	28	2355
Meghalaya	1247	10736	2101	853	14937

The District-wise break up of employment among the broad activity constituting the agricultural establishments shows that majority of workers in the agricultural establishments were engaged in 'Livestock' with the East Khasi Hills District's share of 3,642 (33.92%) workers followed by Ri-Bhoi District with 3,410 (31.76%) workers and the Jaintia Hills District with 1,482 (13.80%) workers and the West Garo Hills with 886 (8.25%) workers.

In activities relating to Agriculture (other than crop production and plantation), the Jaintia Hills District topped with 835 (66.96%) workers of the total workers engaged in agricultural establishments. Employment in 'Forestry and Logging' establishments constituted only 2,101 (14.07%) workers of the total workers in agricultural establishments. As far as employment in 'Fishing and Aquaculture activities', it constituted only 5.71% of the total agricultural establishments.

Source of Finance

A total of 6,748 establishments were self-financed with concentration of such establishments located in the rural areas (89.82%) (Table 4.12). In rural areas of the State, 91.71% were Self-financed whereas this figure was 93.21% in urban areas.

Table 4.12: Distribution of Agriculture Establishments by Establishments and Major Source of Finance

Major Source of Finance	No. of Establishments					
	Rural	% Share	Urban	% Share	Combined	% Share
Self Finance	6061	<i>89.82</i>	687	<i>10.18</i>	6748	<i>100.00</i>

Borrowing from Non-Institutions/Money	10	<i>76.92</i>	3	<i>23.08</i>	13	<i>100.00</i>
Loan from Self Help Group	4	<i>66.67</i>	2	<i>33.33</i>	6	<i>100.00</i>
Donations/Transfers from other Agencies	331	<i>94.57</i>	19	<i>5.43</i>	350	<i>100.00</i>
Total	6609	89.97	737	10.03	7346	100.00

Note:- Figures in italic are percentage share of establishments to all establishments in their respective category.

Donations/transfers from other agencies, financial assistance from Government sources, borrowing from financial institutions, borrowing from non-institutions / money lenders and loan from Self Help Groups accounted for a smaller share of the financial assistance by the establishments. Only, 598 (8.14%) establishments had sought financial assistance from these sources.

CHAPTER FIVE

Non - Agricultural Establishments

Coverage

A non-agricultural establishments for the purpose of Sixth Economic Census has been defined as an establishment which are engaged in Mining and Quarrying; Manufacturing; Electricity, Gas, Steam and Air Conditioning Supply; Water Supply, Sewerage, Waste Management and remediation activities; Construction; Wholesale Trade, Retail Trade and Repair of Motor Vehicles and Motorcycles; other Wholesale Trade; other Retail trade; Transportation and Storage (including postal and courier activities); Accommodation and food service activities; Information and communication; Financial and Insurance activities; Real estate activities; Professional, Scientific and Technical activities; Administration and support service activities, Education, Human health and Social work activities, Art, Entertainment, Sport and Amusement and Recreation (excluding illegal gambling and betting activities); other service activities not elsewhere classified (including membership organization, repair of computers and personal household goods). In short, establishment other than agricultural establishments are non-agricultural establishments.

Establishments

The distribution of non-agricultural establishment and employment by types of establishments with rural -urban break up are given in Table 5.1.

Non-agricultural establishments

There were 98,210 non-agricultural establishments which accounted for 93.04% of the total establishments in the State providing employment to 2,74,494 (94.84%) persons. Out of these, 50,464 (51.38%) were Own Account Establishments (OAE) and the remaining 47,746 (48.62%) were establishments with at least one hired worker.

There were 66,429 (67.64%) non-agricultural establishments located in rural areas. Of this, 33,103 (49.83%) establishments were Own Account Establishments (OAE) and the rest 33,326 (50.17%) establishments were establishments with at least one hired worker. Similarly, out of 31,781 non-agricultural establishments in the urban areas, 17,361 (54.63%) were own account establishments (OAE) and the remaining 14,420 (45.37%) were establishments with at least one hired workers.

(c) Female	57315	63.70	32664	36.30	89979

Note: Percentage share indicates the share between rural and urban areas

Out of the total 50,464 own account non-agricultural establishments in the State, there were 33,103 (65.60%) establishments located in the rural areas and the remaining 17,361 (34.40%) establishments were located in the urban area. Out of the 47,746 non-agricultural establishments with at least one hired worker, there were 33,326 (69.80%) establishments located in the rural areas and the remaining 14,420 (36.20%) establishments were located in the urban areas.

Employment

Out of 2,74,494 persons employed in the non-agricultural establishments which constituted about 94.84% of the total persons employed, there were 68,513 (24.96%) persons employed in own account establishments and the remaining 2,05,981 (75.04%) persons were employed in establishments with at least one hired worker. Out of the total 2,74,494 persons employed, there were 1,77,597 (64.70%) persons employed in non-agricultural sector in establishments located in the rural areas, whereas 96,897 (35.30%) persons employed in the urban areas.

There were 1,69,093 hired workers in the non-agricultural establishments which constitute 61.60% of total workers in the non-agricultural sector. About 64.27% of them were employed in establishments located in the rural areas.

Average number of persons employed per establishment in the non-agricultural establishment was 2.79 persons. It was found to be higher in establishments located in the urban areas (3.05 persons) than in those in the rural areas (2.67 persons). Own account establishments have an average employment of 1.36 persons per establishments while for establishments with at least one hired worker, it was 4.31 persons.

There were 89,979 female workers, constituting about 32.78% of the employment in non-agricultural establishments. The proportion of female employment was found to be

46.52% in own account establishments and 28.21% in establishments with at least one hired worker. There were 57,315 (63.70%) women employees in non-agricultural establishments located in the rural areas and the rest 32,664 (36.30%) in urban areas.

Non-agricultural establishments by major activity groups

The distribution of non-agricultural establishment by major activity groups by type of establishments are given in Table 5.2. It was observed that among non-agricultural establishments in the State, sectors like the “Retail Trade” was the most predominant at 39,999 (40.73%) establishments, followed by “Education” at 11,728 (11.94%) establishments and “Accommodation and Food Service Activities” with 11,639 (11.85%) establishments.

There were 50,464 number of own account establishment constituting 51.38% of the non-agricultural establishments. Among the own account establishments, activities under the “Retail Trade” at 28,962 (57.39%) establishments had the highest share followed by the “Manufacturing” at 5,776 (11.45%) establishments and the “Accommodation and Food Service activities” at 5,048 (10.00%) establishments.

There were 47,746 numbers of non-agricultural establishments with at least one hired worker in the State which constituted 48.62% of the total non-agricultural establishments. It revealed that the sectors like “Education”, “Retail Trade” and “Accommodation and Food Service Activities” were the three major activities which together shared 60.38% of the total non-agricultural establishments. Amongst establishments with at least one hired worker, ‘Education’ sector with a share of 11,201 (23.46%) establishments, ‘Retail Trade’ with 11,037 (23.12%) establishments and ‘Accommodation and Food Service Activities’ with 6,591 (13.80%) establishments were the three major sectors.

Employment in non-agricultural establishments by major activity groups and type of establishments

In the non-agricultural sector, the maximum number of workers were found to be engaged in the “Retail Trade” sector with 69,015 (25.14%) workers, followed by “Education” sector with 54,799 (19.96%) workers, “Manufacturing” sector with 34,573 (12.60%) workers and the “Accommodation and Food service activities” sector with 33,291 (12.13%) workers. Taken together, these four activity groups accounted for about 69.83% of the total employment in non-agriculture sector.

Own account establishments employed 68,513 persons which is 24.96% of the total employment in non-agriculture establishments. There were 46,226 (67.47%) persons employed in own account establishments in the rural areas. In the own account establishments, the total employment in non-agricultural activities in rural area was dominated by “Retail trade” with 23,636 (51.13%) persons, followed by “Manufacturing” with 6,978 (15.09%) persons and “Accommodation and Food service activities” with 6,384 (13.81%) persons. There were 22,287 (32.53%) persons employed in own account establishments in the urban areas. The major activities which employed the largest number of persons are “Retail trade” with 13,577 (60.92%) persons followed by “Accommodation and Food service activities” with 2,286 (10.26%) persons and “Transportation and Storage” with 1,175 (5.27%) persons.

Non-agricultural Establishments with at least one hired worker employed 2,05,981 persons. Amongst the establishments with at least one hired worker, the largest number of workers with 53,969 persons (26.20%) was in the “Education” sector followed by “Retail trade” with 31,802 (15.44%) persons, “Manufacturing” with 26,092 (12.67%) persons, “Accommodation and Food service activities” with 24,621 (11.95%) persons and “Human Health and Social work activities” with 12,354 (6.00%) persons.

There were 1,31,371 (63.78%) persons employed in the non-agricultural establishments with at least one hired worker in the rural areas and the rest 74,610 (36.22%) persons employed in the urban areas. In the rural areas, the activity group “Education” accounted for 39,896 (30.37%) persons, followed by “Manufacturing”, “Retail Trade” and “Accommodation and Food service activities” with 19,312 (14.70%), 15,833 (12.05%) and 14,846 (11.30%) persons employed respectively. In the urban areas, the activity group “Retail Trade” dominated with 15,969 (21.40%) persons, followed by “Education” with 14,073 (18.86%) persons and “Accommodation and Food services” with 9,775 (13.10%) persons.

Out of the total persons (2,74,494 in nos.) employed in non -agricultural establishments, there were 45,983 (16.75%) persons employed in establishments which were under Government ownership, 1,83,882 (66.99%) persons were employed under private proprietorship establishments, 2,294 (0.84%) persons were under private partnership, 9,569 (3.49%) persons were under private Company, 1,942 (0.71%) persons were under private self-help groups, 1,017 (0.37%) persons were under private co-operatives, 15,374 (5.60%) persons were under private non-profit institutions and 14,433 (5.26%) persons were under private 'Others'. This indicates that majority of the employment were in establishments under "private proprietorship" in the rural areas at 63.14% and in the urban at 74.05%, followed by the Government/PSU (19.66% in the rural areas and 11.42% in the urban areas).

Establishments and Employment in Proprietary Non-Agricultural Establishments by Sector and Social Group of owner

It is observed that majority of the proprietary non-agricultural establishments were owned by a social group "Schedule Tribe" owning 55,048 (71.39%) non-agricultural proprietary establishments with employment share of 1,26,405 (68.77%) persons. In the rural areas, there were 36,770 (76.20%) establishments under the "Schedule Tribe" ownership and employed 82,566 (73.63%) persons. Under the social group "Scheduled Tribe" there were 18,278 (63.34%) proprietary non-agricultural establishments in urban areas and employing 43,884 (61.16%) persons.

Persons categorized as 'Others' social group owned 16,097 (20.88%) establishments with 42,953 (23.36%) persons employed in non-agricultural proprietary establishments. The share of this social group in proprietary non-agricultural establishments in the rural areas was 8,227 (17.05%) establishments and 7,870 (27.27%) establishments in the urban areas with employment of 21,344 (19.04%) persons and 21,609 (30.12%) persons respectively.

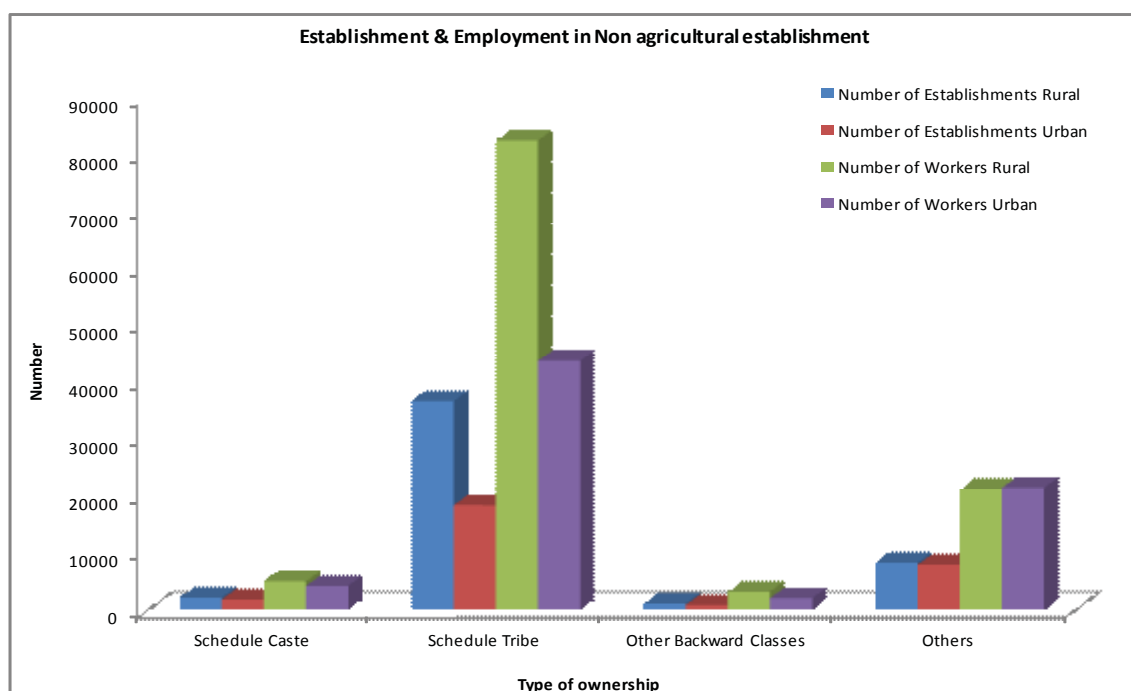

The category of ‘Schedule Caste’ persons owned 3,984 (5.17%) non-agricultural proprietary establishments (4.43% of the establishments in the rural areas and 6.39% in the urban areas). In these establishments there were about 9,230 (5.02%) persons employed (4.48% of the total employment in the rural areas and 5.87% in the urban areas.)

The least number of establishments were owned by person belonging to the OBC category. They owned 1,980 (2.57%) non-agricultural proprietary establishments (2.31% of the establishments in the rural areas and 3.00% in the urban areas) with 5,249 (2.85%) persons employed.

Note:- Figures in italic are percentage to all establishments/workers in their respective category.

As observed from the above Table, the East Khasi Hills District accounted for the largest number of non-agricultural establishments at 32,961 numbers which constituted 33.56% of the establishments followed by the West Garo Hills District with 18,643 (18.98%) establishments. On the other hand, the South Garo Hills District accounted for the least number of non-agricultural establishments at 5,050 (5.14%).

It was also observed that the East Khasi Hills District has the largest number of own account non-agricultural (i.e., without hired workers) establishments at 19,353 (38.35%), followed by the West Garo Hills District with 8,976 (17.79%) establishments. On the other hand, the South Garo Hills District had the least number of own account non-agricultural establishments with 2,197 (4.35%) establishments.

As regards the non-agricultural establishments with at least one hired worker, the same trend was witnessed where in the East Khasi Hills District accounted for the highest number of 13,608 (28.50%) establishments and the South Garo Hills Districts has the lowest at 2,853 (5.97%) of establishments.

The information on employment in the non-agricultural establishments in Table 5.7 indicated that the East Khasi Hills District accounted for the largest share of employment in both own account establishments and establishments with at least one hired worker with 25,881 (37.77%) persons and 67,906 (32.97%) persons respectively. The South Garo Hills District had the least number usually working in both own account establishments at 2,956 (4.31%) persons as well as establishments with at least one hired worker at 11,120 (5.40%) persons.

The employment status as indicated in the Table 5.7 also revealed that out of the total of 2,05,981 persons usually working in non-agricultural establishments with at least one hired worker, 169,093 (82.09%) were working on hired basis.

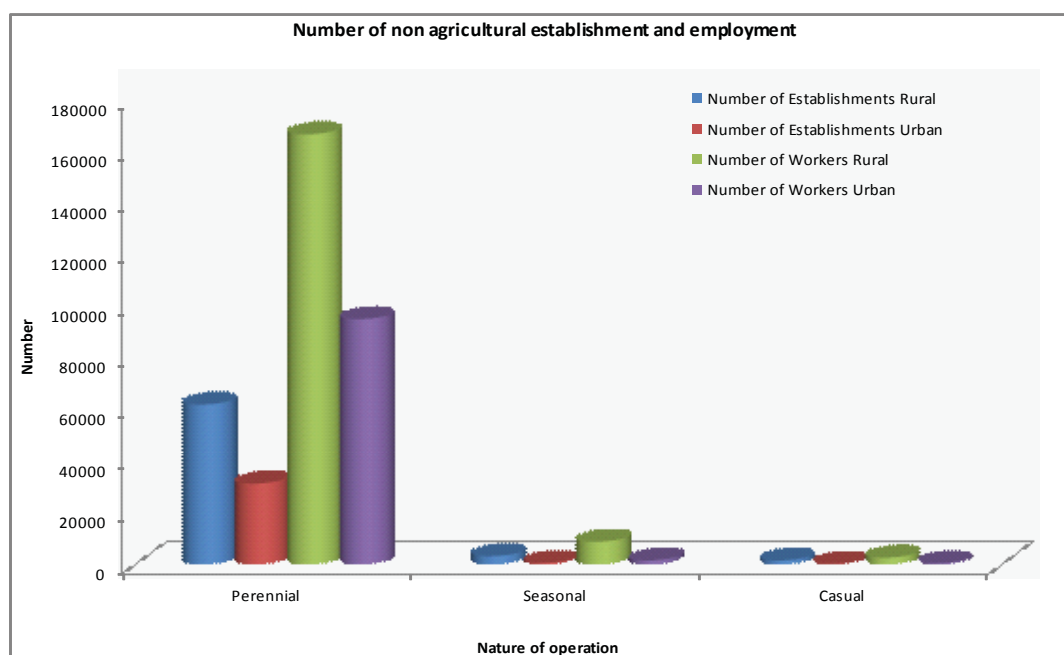

Establishments by Nature of Operation

Majority of the non-agricultural establishments numbering 92,834 (94.53%) were engaged in activities which are perennial in nature as seen from Table 5.8 followed by establishments which were engaged in seasonal nature of activities at 3,707 (3.77%) establishments. Distribution of work force by nature of operation of the establishments indicated that there were 2,61,323 (95.20%) persons employed in establishments with perennial nature of activities while 10,174 (3.71%) person employed in establishments with seasonal nature of activities. Area-wise, it shows that in the rural areas, there were 61,178 (93.01%) establishments which were engaged in perennial nature of activities and there were 31,050 (97.70%) of such establishments in the urban areas. Similar trend prevails in so far as employment is concerned.

Table No.5.8 : Distribution of Non Agricultural Establishments and Employment therein by Sector and Nature

Major Source of Finance

Table 5.10 shows that a total of 73,246 (74.58%) non-agricultural establishments were self-financed. In the rural areas, there were 45,662 (68.74%) such establishments whereas this figure was 27,584 (86.79%) establishments in the urban areas.

There were 14,373 (14.63%) non-agricultural establishments who got financial assistance from the Government sources. Areas-wise, in the rural areas, there were 12,685 (19.10%) establishments whereas there were only 1,688 (5.31%) establishments receiving such financial assistance in the urban areas. “Donations/transfers from other agencies” were another major source of finance for 7,036 (10.59%) establishments in the rural areas and for 1,568 (4.93%) establishments in the urban areas.

Borrowing from financial institutions, non-institutions/ money lenders and loan from self-help group were sought by a smaller number of establishments located in the rural areas and urban areas.

CHAPTER SIX

Handloom and Handicraft Establishments

For the first time in the history of the Economic Census, it was decided to capture the information on Handicraft and Handloom establishments. Handicrafts and Handloom enterprises are those where predominant role is of skills, performed by hands using traditional knowledge and simple tool. Skill of worker and used of hand are two prerequisites for activities under handicraft sector.

For the purpose of the Sixth Economic Census, the term handicraft includes handloom, so all kinds of hand-weaving activities were considered under the same category.

Establishments

The district-wise distribution of establishments showed that there are a total of 3,806 handloom/handicraft establishments in the State out of which the establishments located in the rural areas constituted 3,149 (82.74%) establishments and the rest 657 establishments are located in the urban areas. District-wise, the East Khasi Hills Districts has the highest number of establishments with 1,197 (31.45%) establishments followed by the Ri-Bhoi District with 997 (26.19%) establishments and the West Garo Hills District with 780 (20.49%) establishments.

Table-6.1: District wise number of Handloom / Handicraft establishments by sector and type of establishments

District	Number of establishments

Total	2695	454	3149	386	271	657	3081	725	3806

There were 3,081 (80.95%) own account establishments, i.e. without hired worker and only 725 (19.05%) were establishments with at least one hired worker.

Under own account establishments, the highest number were located in the East Khasi Hills District with 1,031 (33.46%) establishments followed by those establishments located in the Ri Bhoi District with 902 (29.28%) establishments while the lowest concentration was in the West Khasi Hills District with only 80 (2.60%) establishments.

Under establishments with at least one hired worker, the highest number were located in the West Garo Hills District with 227 (31.31%) establishments followed by the East Khasi Hills District with 166 (22.90%) establishments and the lowest concentration was observed in the South Garo Hills District with only 36 (4.96%) establishments.

Employment

There were a total of 7,747 persons employed under Handloom/Handicraft establishments (Table 6.2) wherein 6,240 (80.55%) persons were employed in establishments located in the rural areas and the rest 1,507 (19.45%) persons were employed in establishments located in the urban areas.

Under own account establishments, the highest number of persons employed were in the establishments located in the East Khasi Hills District with 2,020 (41.51%) persons and the lowest were in the West Khasi Hills District with only 104 (2.14%) persons.

Under establishments with at least one hired worker, the highest number of persons employed were in the locations in the West Garo Hills District with 1,016 (35.26%) persons while the lowest are in those establishments located in the South Garo Hills District with only 83 (2.88%) persons.

CHAPTER SEVEN

Women Entrepreneurs

There were 29,530 establishments out of the total of 1,05,556 establishments which were owned by women entrepreneurs in the State which constituted around 27.98% of the total number of the establishments. Total workers engaged in women owned and run establishments were 58,701 persons which were 20.28% of the total number of workers engaged in the State under different economic activities.

Establishments

Out of the 29,530 women owned establishments, there were 18,423 (62.39%) establishments which were located in the rural areas and the remaining 11,107 (37.61%) were located in the urban areas. Further, there are 21,540 establishments i.e. 72.94% which were operated without hired workers and 7,990 (27.06%) establishments were operated with at least one hired worker. The percentage of establishments without hired workers in the rural areas was 74.52% and in the urban areas it was 70.32%.

Table-7.1: District-wise number of establishments owned by women entrepreneurs by sector (Rural/Urban/Combined) and type of establishments (Without hired workers, with at least one hired worker)

District	Sector								
	Rural			Urban			Combined		
	Type of establishment			Type of establishment			Type of establishment

Total	13729	4694	18423	7811	3296	11107	21540	7990	29530

Table 7.1 revealed that the East Khasi Hills District had the highest number and percentage share in the total number of women owned establishments in the State with 13,178 (44.63%) establishments followed by the Jaintia Hills District with 4,325 (14.65%) establishments, the Ri-Bhoi District with 4,103 (13.89%) establishments, the West Khasi Hills Districts with 3,507 (11.88%) establishments, the West Garo Hills District with 2,418

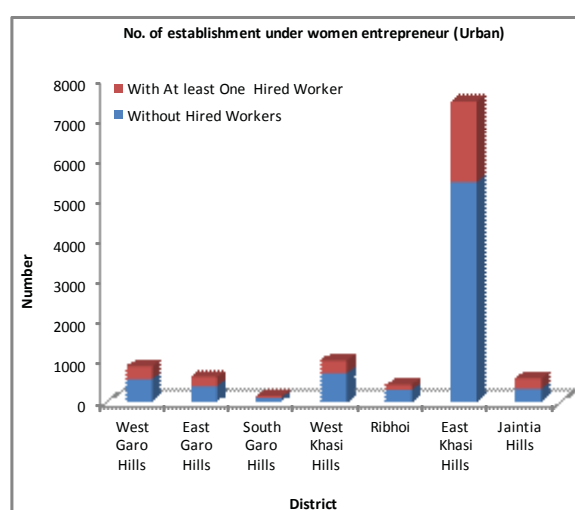

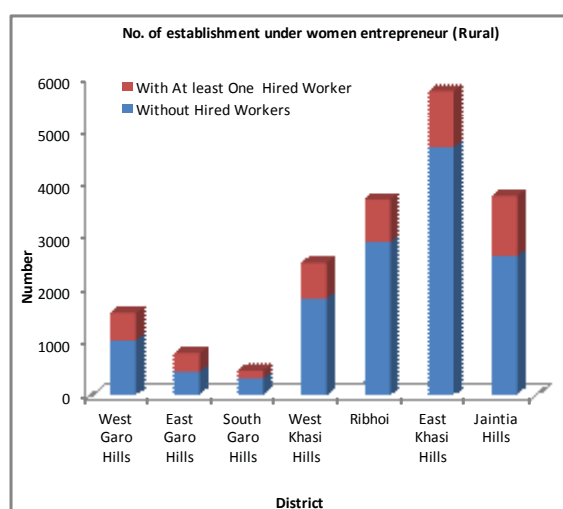

(8.19%) establishments, the East Garo Hills District with 1,401 (4.74%) establishments and the South Garo Hills Districts with the lowest share with 598 (2.02%) establishments.

Table 7.2 shows the total number of establishments with women as entrepreneurs by broad activity. Some of the main economic activities of women owned establishments were in 'Retail Trade' with 15,431 (52.25%) establishments followed by 'Accommodation and Food services' with 5,981 (20.25%) establishments, 'Manufacturing' activities with 3,277 (11.10%) establishments and 'Agriculture' related activities with 1,198 (4.06%) establishments.

Sector-wise, the total numbers of agricultural establishments owned by women were 1,198 (a share of only 4.06% of the total establishments owned by women) and 28,332 (95.94%) establishments in non-agricultural activities.

Areas wise, there were 1,082 (90.32% of the total women owned agricultural establishments) agricultural establishments located in the rural areas while the remaining 116 (9.68%) establishments are located in the urban areas.

Out of the 1,082 agricultural establishments in the rural areas, there were 840 (77.63%) establishments which are without hired workers and the remaining 242 (22.37%) establishments are with at least one hired worker. Out of the 116 agricultural establishments in the urban areas, there were 98 (84.48%) establishments which are without hired workers and the remaining 18 (15.52%) establishments are with at least one hired worker.

Areas wise, there were 17,341 (61.21% of the total women owned non-agricultural establishments) non-agricultural establishments located in the rural areas while the remaining 10,991 (38.79%) establishments are located in the urban areas. Out of the 17,341 non-agricultural establishments in the rural areas, there were 12,889 (74.33%) establishments which are without hired workers and the remaining 4,452 (25.67%) establishments are with at least one hired worker. Out of the 10,991 non-agricultural establishments in the urban areas, there were 7,713 (70.18%) establishments which are without hired workers and the remaining 3,278 (29.82%) establishments are with at least one hired worker.

CHAPTER EIGHT

SUMMARY OF RESULTS

- The Sixth Economic Census was conducted in all the seven Districts (as per the General Census 2011) of Meghalaya. These Districts are West Garo Hills, East Garo Hills, South Garo Hills, West Khasi Hills, Ri Bhoi District, East Khasi Hills and Jaintia Hills
- Fieldwork was conducted during June - October, 2013
- Number of enumerators : 3070
- Number of Supervisors : 1464

Salient features:

A. All establishments

- As per the Sixth Economic Census 2013, there were 1,05,556 establishments in Meghalaya, providing employment to 2,89,431 persons.
- Out of the 1,05,556 establishments, there were 98,210 (93.04%) establishments which were engaged in non-agricultural activities (excluding public administration, defence and compulsory social security activities) and 7,346 (6.96%) establishments in agricultural activities (excluding crop production and plantation).
- Out of the total establishments, there were 73,038 (69.19%) establishments located in the rural areas and 32,518 (30.81%) establishments located in urban areas.
- Own account establishments' numbering 55,981 constituted 53.03% of total establishments and 'establishments with at least one hired worker' numbering 49,575 establishments constituted a share of 46.97%.
- The density of establishments per 10 sq. kms. of area was 47.06 establishments and the number of establishments per thousand of population stood at 33.84.
- Overall average size of employment was 2.74 per establishment.
- The average annual growth rate of establishments was 3.36% during 2005-13 in the State.
- A total number of 18,038 establishments, which comprised 17.09% of the total establishments operated without fixed structure.
- The total number of establishments operating outside household with fixed structure accounted were 72,596 (68.77%) establishments and number of establishments operating inside household stood at 14,922 (14.14%) establishments.
- The East Khasi Hills District accounted for the highest number of 33,187 establishments and the South Garo Hills Districts has the lowest number of 5241 establishments.

B. Employment in Establishments

- Total number of persons employed in all establishments were 2,89,431 workers, out of which 14,937 (5.16%) persons were engaged in agricultural activities and 2,74,494 (94.84%) persons were engaged in non-agricultural activities.
- A total of 1,90,971 (65.98%) persons were employed in establishments located in the rural areas while the rest 98,460 (34.02%) persons were employed in establishments located in the urban areas.
- A total number of 14,937 (5.16%) persons were engaged in agricultural establishments and 2,74,494 (94.84%) were engaged in non-agricultural establishments.
- A total of 4,013 females were employed in agricultural establishments and 89,979 females were employed in non-agricultural establishments.
- The average annual growth rate of employment was 2.43% during 2005-2013.
- The East Khasi Hills District accounted for the highest number of employment at 97,746 persons while the South Garo Hills District has the lowest number of employment at only 14,955 persons.

C. Handloom and Handicrafts establishments and employment

- There were a total of 3,806 Handloom/Handicraft establishments in the State which is 3.84% of all non-agricultural establishments.
- Total numbers of persons employed under Handloom/Handicraft establishments by type of establishments were 7,747 which is 2.82% of all employment in non-agricultural establishments.
- About 80.55% of workers were employed in establishments located in the rural areas and the rest 19.45% were employed in establishments located in the urban areas.

D. Women owned establishments and employment

- There were 29,530 establishments out of the total of 1,05,556 establishments which were run by women entrepreneurs in the State which is 27.98% of the total number of the establishments.
- Total workers engaged in women owned and run establishments were 58,701 persons which constituted 20.28% of the total number of workers engaged in the State under different economic activities.
